Small market publications across the country are thinking big and delivering results. Yours can, too. Taylor is well-known for his inspirational and

motivational presentations, as well as his case studies that support his many actionable points. Taylor will share success stories you can duplicate and describe how to influence your organization's culture to make a measurable difference.

3:00 P.M.

### 10 of the Dumbest Mistakes Newspapers Make – and Why We Make Them

*Presented by Bill Ostendorf*

The newspaper industry is notorious for jumping on bandwagons and don't think it through, says Ostendorf. As a result, newspapers have blown numerous opportunities for success by folding TV books, abandoning food coverage and feeding Google and Facebook all their content. Small papers copy what big papers do, and big papers ignore the success of small papers. It's crazy and we've got to stop!

### Six Ways to Sell Web and Digital Like a Boss!

*Presented by Ryan Dohrn*

Dohrn will share his six best tips for selling advertising on your media brand's website. Focusing on understanding proper digital promotion strategies, he will dig deep into why digital should be "part" of the marketing plan, not the entire marketing plan. Learn why you need to adopt a print-plus mentality in your media company. If you are looking for new ways to sell web and digital, this is a session you will love!

4:00 P.M.

### New Content Strategies

*Presented by Bill Ostendorf*

Ostendorf has developed new content approaches that substantially increase readership. This involves broadening the reach of stories, covering "life, not news" and writing in a more informal style. It requires changes in the way newspapers approach stories, photos, headlines and captions. The result typically is higher newsstand sales, increased readership scores and higher user satisfaction. Are you ready to really rethink your content?

### 20-Minute Sales Presentation

*Presented by Ryan Dohrn*

Stop wasting time with long sales presentations and learn how to turn 20 minutes into a closed deal. This new strategy is working across the nation in B2B and consumer markets. Advertisers love it and sales reps are raving! This sales technique is so easy you will be able to use it immediately. This popular session is packed with tactical and practical take away points that every sales rep can put into action right away.

5:00 P.M.

### Why Facebook and Google Are Not Our Friends

*Presented by Bill Ostendorf*

Ostendorf is raising a flag of caution about the big portals like Yahoo, AOL, Facebook, Twitter and Google. These companies are not our friends, he says. They are out to do nothing less than to take our place as local content and commercial enterprises. This session will provide an alternative view to what everyone else is doing. And maybe you'll find your own way is the best way.

### 45 Media Sales Tips in 45 Minutes

*Presented by Ryan Dohrn*

Dohrn has gathered the best media sales tips from around the globe and is ready to share them with you. Keep up with this fast-paced session where Dohrn shares 45 ideas from his global adventures working with over 400 media companies and over 5,000 media sales reps. Every idea is working today in media companies large and small. All ideas are proven revenue results. A live countdown clock on the screen will keep Dohrn on track and keep you wondering how he has this much information packed into 45 minutes.
