

# Investigate the News

## SET GOALS

Search news and advertising and list any jobs shown in photos and illustrations, in news stories and ads.

Do any of the jobs appeal to you? What do you need to know to do that job? How do you prepare for that job?

Search news and advertising for places you would like to visit, either for study or recreation. Where did you choose to travel? What do you need to travel to that place?

**SHARE** what you learn from archived newspaper stories about the job and/or place to visit. Use the job title and/or the name of the place in a key word search.
