FOR IMMEDIATE RELEASE

DeSantis Landscapes RECEIVES A NATIONAL AWARD OF EXCELLENCE

Salem, Oregon, 10/24/2018 – DeSantis Landscapes, Inc is proud to announce it has been awarded the Gold Award of Excellence for the Exterior Categories in Residential Landscape Contracting for projects \$500,000 to \$1,000,000 by the National Association of Landscape Professionals.

“DeSantis Landscapes was incredibly excited to partner with Jessica Helgerson Interior Design on this massive complete renovation project at the Bulkeley estate in Estacada Oregon. The project included a total renovation of the exterior landscape including bringing in massive boulders and over 50 tons of Montana Blocky stone to build extensive walls to beautifully create significant grade changes on the property. The results are modern design that transitions into well-manicured natural areas for friends and family to enjoy expansive views of mount hood. From tiered gardens, landscaped pool patio, crushed granite paths, landscape lighting, and a natural herb garden for fresh meals, this was truly an exceptional project to build.”

Each year, the National Association Landscape Professionals Awards of Excellence recognizes exceptional landscape, lawn care, and interior plantscape design projects from around the nation. This year, 161 awards were bestowed for maintenance, design/build or contracting projects.

“We have the best landscape construction teams in the Pacific Northwest who have a passion for creating exceptional outdoor spaces for clients and this was a chance for them to truly let their talent shine.” -Dean DeSantis

About Your Company

DeSantis Landscapes, Inc is a family-owned, nationally recognized landscaping company in Portland Oregon with offices in Salem and Portland.

We made the list of the 100 Best GREEN Companies to Work for in Oregon, for the 8th year in a row! Oregon Business magazine puts out this list and it is voted on by employees in an anonymous survey. We believe professional development of our employees is important. Our account managers are certified under the Vegetated Water Quality Facilities Management program through Clean Water Services and Portland Community College and are now certified to maintain these increasingly ubiquitous development features (i.e. bioswales and detention ponds).

Our landscape projects range from commercial properties, to large private estates, to intimate residential gardens. In all cases, DeSantis creates and maintains balanced environments of extraordinary beauty and functionality. We are an award-winning company recognized for integrity, innovation and reliability. Since 1974, clients have entrusted us to carefully design, build and maintain their landscape investment.
