

Athlete of the Week

Javier Jaramillo Cruz is Mariner's Athlete of the Week. A returning junior, Javier has been the varsity boys soccer starting goalie since his freshman year. He is also a team captain. Javier always brings his passion and his competitive spirit to practice and matches. Last year he was unanimously selected as a top goalkeeper by all coaches in the Wesco 4A league, as well as receiving recognition as a member of the all-district second team, and the only goalie to be recognized with all-district honors. At the end of last season Javier received an Iron Man award for starting in and playing every match. He returns as a team leader showing more experience and has immediately set the tone for this season. His commitment to all aspects of the game shows whenever he steps on the field, and his teammates are confident he is going to give a top-quality performance every match. He is the foundation of the defense, and we are all looking forward to seeing him in action this season.
