

**#2** When it comes to swimming, water safety is key, that's why I will always have an adult with me!

**#3** When I'm around water or on a boat, I can wear a life jacket to help me float.

**#4** No matter how deep the water may be, I'll always jump in with my feet.

**#1** Whether I'm at home, the beach or pool, I will play it cool and follow the rules.

**#5** If I see a swimmer in need, I know how to help them indeed! First, I'll throw them something to float, and then I'll go and get an adult.
