U. S. Postage PAID Sec. 562 P. L. & R. Pulaski, Wisconsin Permit No. 3

BOXHOLDER

VOLUME 1 NUMBER 1 | PULASKI, WISCONSIN | WEDNESDAY, AUGUST 12, 1942

Here is a steeple-jack's view of the carnival sponsored last week by the American Legion and Pulaski businessmen. A good crowd was on hand during the event. With Pulaski's Main street transformed into a midway, the city was host to several hundred outside visitors.

## Pulaski News To Fill A Need For Community Paper

**Pulaski needs a newspaper. To fill that need; to provide a means of informing the parents and the community on the progress of the school; to provide the community proper channels for information, news, and advertising; and give students experience in journalism, the Pulaski Board of Education authorized the publishing of a newspaper.**

**The paper will be published every 2 weeks and have a circulation of at least 1500 copies in Pulaski and all the surrounding territory.**

**It is a non-profit cooperative enterprise. The advertising rates will be low and should produce enough income to pay for the printing, paper, mailing, and minor expenses involved.**

**A "Coming Events" column will include all the dates of scheduled events providing that these affairs are conducted by school, churches, organizations or societies operating for public or charitable benefit.**

This paper will be sent free to all local young men who may be in the armed services providing that the name and address of the service man is submitted.

The Pulaski News will have an editorial policy and will accept letters from readers. Some of these may be published providing that they are fit for publication in the opinion of the editors and faculty advisers who will be elected by the students of Pulaski High School.

A subscription rate of 50c per year will be charged if the first two or three issues prove that the paper can be continued and published regularly.

Everyone is invited to contribute articles, personal news items, and events of local interest. If you want to make this paper worthwhile, interesting, and of value to our community, please write your news events, advertising copy, and items of interest to the Pulaski News. There will be no reporters and no paid staff members, so it's up to everyone of us to make the paper good and successful.

## *Pulaski High School Will Open Monday, August 31*

The Pulaski High School is tentatively scheduled to open on Monday, August 31 for it's 1942-43 school session. During the summer months the school has been thoroughly cleaned, renovated and repaired. Minor improvements were made to facilitate instruction. Purchases of equipment, books, and supplies were made last spring so instruction will not be hampered because of war shortages.

The board of education considers itself fortunate in the return of all but one of the teaching staff. There may be some changes before school begins so a complete list of teachers will be published in the next issue of the News.

Regular courses of study will be supplemented and adjusted to meet war time demands. The selective service has demonstrated to us that the teaching of good health, first aid, proper nutrition, care of the body and teeth are very necessary, therefore, these topics will be emphasized in the subjects offered.

The tremendous importance of aircraft in modern warfare presents a need for basic pre-aviation training in the secondary schools. Especially important subjects in this connection will be mathematics, physics, English, geography, and physical fitness. Emphasis will also be laid upon good citizenship, history, and the social sciences. This should instill a spirit of loyalty and understanding in our young citizens as well as preparing them for a post-war world.

**FAREWELL GIVEN REV. MARTIN**

A large crowd gathered last night on the Church grounds of St. Mary's Congregation to bid farewell to Rev. Martin Kropidlowski, who served as pastor of the local Church for nearly nine years.

A short program of speeches, and presentation of gifts was arranged by the Church Societies. Ed Malcheski, acted as master of ceremonies, and various members of the congregation took part on behalf of the parish, expressing appreciation and gratitude for the spiritual guidance and administrative service rendered by the retiring Pastor.

Rev. Martin Kropidlowski, has been appointed as Superior in charge of the Franciscan Monastery at Burlington. He will be succeeded by the Rev. Cyprean Gmerek, as Pastor of St. Mary's Church.

## Civilian Defense Classes Finished

### Names Certified to Mr. Eiken

The following names have been submitted to H. O. Eiken, Brown County director of Civilian Defense training, as eligible for graduation. The eligibility depends upon perfect attendance in 5 general classes which were taught by O. I. Berge of the high school faculty, 10 first aid classes under the Dr. V. J. Shippy as instructor and one drill conducted by Sergeant John Anderson of Green Bay.

If there are any errors or omissions in this list, or if you made up any absences kindly notify Stanley Krysiak, coordinator, or F. X. Joswick so that your name may be certified for the graduation exercises which are to be held at Green Bay on August 24.

Mrs. Edward Goska, Mrs. Walter Kubiak, Mrs. Leo Rozanski, Mrs. Josephine Shippy, Chester Gajewski, Stanley Krysiak, Edward Kubiak, William Ziebarth, F. X. Joswick, Joe Slizewski, Edward Malcheski, Ralph Zmijewski, Herman Peplinski, Kenneth Lamberg, Joseph Spakiewicz, Henry Santy, William Mauer, Mervin Martyn, John Wojcik, Al Swiekatowski, B. J. Lontkowski.

## Zipp Joins Staff of Pulaski News

The publication of the Pulaski Zipp is discontinued. It has been a fine weekly reminder and news sheet. The editor, Moran Reyment, offered his services in organizing this paper. He is authorized to accept advertising and items of local interest to be published in this paper.

## Lights Out!

### Pulaski Included in Midwest Black-Out From 10 to 10:30 Tonight

The entire village of Pulaski and surrounding Brown County townships are included in the practice blackout from 10:00 to 10:30 p. m. Wednesday.

Civilian defense officials under the direction of Stanley Krysiak, local coordinator, have received full instructions and are to be on the alert for any irregularities or violations as set up by the 6th corps area Army Headquarters.

Radios and daily newspapers carry the complete set of rules, regulations and ordinances, but in brief these rules insist that there are to be no visible lights anywhere in the area. Automobiles must park at the curb and turn off lights. Homes, institutions, advertising signs, street lights, and all other possible means of illumination must be either out or shielded from any exterior view.

The people of Pulaski and surrounding territory are kindly asked to cooperate 100% so as to make the blackout successful throughout the village and surrounding townships.

Penalties for failure to cooperate may be imposed according to army and local defense council regulations.

---

The possessor of a good education will have an enjoyment and an understanding of the beautiful things in his environment and in his home.

John Mitchell, an honor graduate of the class of 1939, enlisted in the U. S. Army and is now stationed with the army engineers division.

## High Maintains High Standards

### Had Enrollment of 396 Pupils Last Season

Last year the Pulaski High School had an enrollment of 396 pupils. This is the largest enrollment of any rural village high school in Wisconsin. The chief reasons for such a large enrollment are that education here is comparatively inexpensive and of a high caliber. The teaching staff is composed of men and women who are degree graduates of various colleges and universities. All the members of the staff have had at least 3 or more years of teaching experience. They are well paid and highly recommended for their positions.

Textbooks, equipment, and instructional apparatus are adequate and modern. Recent building additions have provided ample space for activities, practical subjects such as band, mechanics and various trades.

The school is large enough to provide all the courses necessary, and to make each teacher a specialist in his own field, sufficient competition is created among students, to attain high standards and scholarships. At the same time the school is small enough for each teacher to know every student and thus be in a position to guide him, direct him, and watch his daily progress. The student receives individual attention and has a chance to show his abilities in classes and extra curricular activities.

Parents are invited to consult with the teachers on the progress of their children any time during the school year.

## Coming Events

Wednesday, Aug. 12, 10:00-10:30 P. M. Complete Blackout.

Thursday, Aug. 13, 8:00 P. M. Meeting of all Legionaires.—Mixtacki Post.

Thursday, Aug. 13, 5:00 P. M. Angelica Church Ladies Aid Society Supper.

Sunday, Aug. 16, Young Ladies Sodality Dance at Picnic Grove, Pulaski.

Sunday, Aug. 16, Annual Festival at Nichols.

Sunday, Aug. 16, Flintville Church Picnic and Dinner.

Sunday, August 16—

St. Sebastian's congregation, Isaar, will hold their annual chicken dinner and picnic.

Thursday, Aug. 20, Red Cross workers meet at Legion Hall.

Sunday, Aug. 30, St. Casimers Church Picnic at Krakow.

Monday, Aug. 31, Enrollment at Pulaski High school.

---

Most accidents are caused by pressure—on the foot feed.

## How Much Does it Cost to Attend High School

The cost of attending the Pulaski High School is very low. Books are furnished free providing that the student deposits one dollar as a guarantee that he will keep school books in good condition and returns them at the end of the school year. If there are no charges against the students record, the one dollar deposit is refunded to the student.

All football, basketball, baseball, athletics and extra activity equipment is supplied free of charge to the students that take part.

Band instruction is free. The more valuable instruments are rented to students who do not own an instrument at the rate of 50c per month.

An activity fee of $1.25 entitles the student to attend all basketball games, football games, plays, movies, social affairs, and educational assembly programs. Every student is urged to have an activity ticket and either actively or passively participate in school activities.

Students who take such subjects as arts and crafts woodworking, mechanics, will need supplies. These supplies may be purchased through the school at cost if the students is working on his own project. Students should ask their instructors about the type and cost of projects they may undertake.

## Alex Karcz Hurt in Auto Accident

Alex Karcz, Pulaski, was the victim of an unusual accident about 10 o'clock Monday morning when a truck loaded with cheese, following his car, crashed into him. The truck overturned and came to rest on top of the Karcz automobile.

The accident occurred at the junction of highways 29 and 32.

Karcz suffered several broken ribs and was taken to a Green Bay hospital in the Marnocha ambulance.

# One Killed, 12 Injured in Crash

## Bus Crippled But Bus Crippled and Gears Jammed,

RICHMOND, Calif. — — A crowded bus, crippled in a collision, cruised slowly along the main highway Sunday, its gears jammed, its driver unconscious and its passengers pouring from it as it moved. One man was killed and 12 injured, none seriously.

A fire truck finally stopped the machine after it had run nearly two miles.

Policeman Howard Thulin said an automobile turned directly into the bus and crashed with such force the car was crushed and its driver injured fatally.

Lawrence Oie, bus driver, was knocked unconscious. Gears and throttle were jammed so passengers could not stop it.

Police called the El Errito Fire department. Two trucks responded. One slipped in front of the bus and, with red lights and sirens, kept the road clear. Bus passengers had pulled Oie from his seat and one had taken the wheel.

Someone else opened the bus door. Passengers began stepping out. An ambulance followed and picked up the injured.

The second fire truck pursued the bus. When it was close enough two firemen fastened a stout rope to the rear of the bus and anchored it to their truck. Captain Don Bonini, the driver, then stepped on his brakes and stalled the bus.

## Moorman, Stock Feed Manufacturer, Dies

QUINCY, Ill. — Funeral services will be held here tomorrow for Edgar V. Moorman, 70, vice-presidential candidate on the Prohibition ticket in the last election, who died suddenly yesterday of a heart ailment.

Moorman, who for many years was prominent in Methodist church activities, was president of the Moorman Manufacturing Co., one of the largest stock mineral firms in the country.

Roger Babson and Moorman headed the Prohibition party ticket in the last presidential election.

## Bicycle Ration Rules Tightened

WASHINGTON — — The office of price administration today trimmed the list of persons eligible to buy bicycles under rationg, leaving it only slightly broader than the automobile and tire rationing lists.

The revision, effective August 15, was necessitated by the war production board's recent order halting bicycle production at the end of August. The original eligibility provisions had been drafted in expectation of a continuing supply.

Even persons rated as eligible on the new list will not get bicycles for use instead of automobiles, however, if they have adequate tires and, in the east, a gasoline ration to perform the same services. OPA intended this restriction to prevent the buying of new bikes to save tires and gasoline for non-essential driving.

## Nasal Blitz is on! Hayfever in Season

CHICAGO — — A sneeze-sowing army of Ragweed Pollen has launched its annual infiltration offensive at America's 5,000,000 allergic noses.

The Nasal Blitz, says Oren C. Durham, prominent aerobiologist, will gain momentum the remainder of August and then gradually diminish until it fizzles out in October, "causing considerable impairment in war training and production efficiency during the period."

Durham said severe hay fever sufferers would have to take time out from their jobs in war plants and that the ranks of victims would be augmented by former office workers now in army camps.

"Men who had very mild cases while working in cooped up offices may find it a very different story when they are exposed to the Pollen in outdoors training camps," he said.

## Awaiting Zero Hour

The cameraman took this photo of Capt. William Musselwhite of Jackson, Miss., commanding officer of one of the United States Army's B-17 Flying Fortresses in England, as he awaited the zero hour for the takeoff on a bombing invasion of the European continent.

### DOUBLE-THREAT CORN BORER REPORTED IN STATE

MADISON — A double-threat strain of corn borer has evolved from the original borers which invaded eastern Wisconsin 11 years ago and is causing serious damage to sweet corn and field corn plantings in old and new areas, the state department of agriculture reports.

The borer has changed its habits, hatching two broods this year instead of one as in the past, according to E. L. Chambers, chief of the plant industry division.

In previous years the pest did not reach maturity until late in August. This summer, however, fully developed borers are already being found together with newly hatched larvae. Two generations in one season means twice as many borers and double the damage to corn, Chambers explains.

The corn borer has now spread to 33 counties, with infestations being discovered this summer in areas of Lafayette and Iowa counties near Blanchardville.

Farmers are urged to watch for this pest by noting broken corn tassels, tunneled out by the borer, shot holes in leaves eaten by newly hatched larvae, and the presence of sawdust-like borings in the axels of the leaves. The sawdust-like substance is the result of the borer's feeding on the stalks and ears of the corn.

Control of this increasing menace to corn can best be accomplished by clean fall plowing of areas containing corn stubble and corn stalks, as this procedure eliminates the borer's winter hibernating places, Chambers points out.

# U. S. Tanks Tough, Ward off Shells

## Chrysler is Now Building M-4, Heavy Duty

DETROIT, — — Workers in the Detroit (Chrysler) tank arsenal heard today how a German 88 millimeter anti-tank gun had to hit an American-built M-3 army tank 12 times before it was stopped.

Major General Levin H. Campbell chief of ordnance, services of supply, related the incident in presenting to the plant and workers the joint army-navy "E" award "for high achievement in the production of war equipment."

He told also how another M-3 was hit by fifty 50-millimeter, armor-piercing, high explosive shells and was not put out of action.

Chrysler recently switched from the M-3 to the newer, more powerful M-4, all-welded tank and this, General Campbell said already is at the front. The M-4's, he said have heavier armor and are faster than the fleet M-3.

"Though the enemy may capture the first M-4 to appear on the battlefield (and he hasn't)," the ordnance chief continued, "it will take him a year to duplicate the tank, or even make corresponding improvements in his new models on the production lines.

"By that time, we'll have an altogether new one out!"

Telling of a "mysterious flurry of critisms of our M-4 mediums, which we have good reason to believe was enemy-inspired," General Campbell said:

"We have made comparisons with enemy equipment and we are satisfied the M-3 was superior to anything the enemy has had in action. Our 75 millimeter high velocity cannon on the M-3 outranged the 75-MM. Howitzer on the standard German mark IV by more than 700 yards, our armor was thicker and our M's faster."

. . .

In colonial times, according to an historian, many of our larger cities had no sidewalks. Gosh, all year around must have been open season on pedestrians!

## Retailers Must File List of Ceiling Prices

MILWAUKEE, — —Don T. Allen, state director of the office of price administration, reminded retailers that they must file lists of ceiling prices today on their new cost of living commodities added to their lines since July 1.

Lists must be filed with local war price and rationing boards, he said. The regulations do not require filing of a complete inventory, but only ceiling prices on articles designated by CPA as cost of living items.

## Murray Replies to Heil's Challenge

MERRILL — — Leonard F. Schmitt, former district attorney of Lincoln county and chairman of state Senator Milton T. Murray's campaign for the Republican Gubernatorial nomination, replied yesterday to Governor Heil's challenge that he substantiate his claim that sabotage was responsible for the destruction by fire last week of the Penokee Veneer Co. plant at Mellen, Wis.

# Personals

Mrs. Martha Kaczokowski, of Chicago, visited at the home of her sister, Mrs. William Rolloff.

Mrs. James Kupinski, Chicago, and Mr. and Mrs. Joseph Francowiak, of Chicago, are visiting at the home of John Staszak, route 1, and at the home of a sister, Mrs. Mary Robiadek.

Misses Helen and Pauline Nowak, of Stevens Point, are spending a few days at the home of the Joseph Marnocha family.

Mr. and Mrs. O. I. Berge and son John, are spending a week's vacation at Valders.

Dorothy Zakowski, a 1942 graduate of the Pulaski High school, has enrolled at the University of Minnesota, Minneapolis, Minn.

Jerome Brezezinski, salutatorian of last May's graduating class received a scholarship and will enroll at the University of Wisconsin School of Engineering.

# News of Last Week

Chester Cybulski, 15, of Chicago, who is spending his vacation at Sobieski, accidently ran a fish spear thru his left leg and had to have it removed at the office of Dr. L. Gallett. He was brought to the office by Mrs. Voila Cybulski, of Sobieski.

Winners of the Zipp Contest were, Mrs. S. Goska, Mrs. Armond Fiestad, of Pulaski. The correct answers were: Ink, steel, gold, Indian, snow, and rock. Ink was not in the ads but the complete ads were printed with ink.

A Pulaski pick-up team of softball, visited Saumico Sunday and were beaten by a score of 5 to 3. This is the first year that the Pulaski pick-ups were defeated by Saumico in four years of exchangeable playing. Pulaski Pick-up players are: Archie Johnson, Harry Staszak, Donald Marnocha, Lucian Gajewski, Ray Liss, Eugene Wojick, Howard Wojick, Edward Brefczynski, Julius Blochowiak, Ray Johnson, Dan Baker, Lloyd Kurowski, and Umpire Moran Reyment.

Miss Irwin, Pulaski High school economics teacher, is paying visits to all students who plan on attending Pulaski High this Fall. The visits are to acquaint the students and parents with the subjects of the Pulaski High.

Twelve members of a home nursing class at the American Legion building last Thursday evening received their certificates when graduating exercises were held. Miss Fredericka Heath, Green Bay, Red Cross health chairman, made the presentations and spoke on various Red Cross services.

Completing the study were: Mmes. Helen Goska, Loretta Goska, Francis Kubiak, Victoria Krysiak, Irene Homel, Mary Borowski, Hedwig Walejko, Pauline Bruskey, Agnes Zinkgraf, Anne Kubiak, Bernadine Marnocha and Miss Violet Kwaley.

Delegates for the Legion Auxiliary convention at Fond du Lac, last Sunday were Mrs. S. Goska, Mrs. S. Krysiak, Mrs. J. Borowski and Mrs. C. Walejko. A parade of floats, bands and marchers was the main attraction.

# For the Women

A few time tested recipes for mothers to prepare for the family in the hot day's to come. Simple and easy to prepare.

**Shrimp Casserole**

2 cans of shrimp cleaned
1 small onion, chopped
¼ cup chopped celery
¼ cup chopped green pepper
Salt and pepper
1½ cups of medium white sauce
½ cup buttered crumbs.

Combine shrimp and vegetables; season; add white sauce. Pour into greased casserole. Top with crumbs. Bake in moderate oven (350) degrees. 40 minutes. Serves 6.

**Quick Chop Suey**

1 pound ground beef
2 tablespoons fat
1¾ cups boiling water
3 bullion cubes
2 tablespoons soy sauce
2 tablespoons dark molasses
½ cup cold water
2 tablepoons cornstarch
1 cup sliced onion
2 cups celery, cut in strips.

Brown meat in fat. Add boiling water, bouillon cubes, soy sauce, and molasses. Add cold water gradually to cornstarch; stir until smooth; add to meat mixture and cook until slowly thickened, stirring constantly. Add vegetables. Cover. Cook slowly 20 minutes. Serve with hot rice or Chinese noodles.

Attention Mothers: If you have a tested recipe that you would like to pass on to the other readers of the Pulaski News. Send them in to Pulaski News, Box 113.

# Village Board Proceedings

A regular meeting of the Village Board of the Village of Pulaski was held on Aug. 3, 1942 at 7:30 p. m. Village president Stanley Krysiak called the meeting to order and upon roll call the following trustees were present: Bussiere, Baksalerski, Kubiak, Joswick, Lontkowski.

A Motion by Baksalerski and seconded by Joswick to accept the minutes of a regular meeting of July 6, 1942 as read. Motion carried.

A Motion by Joswick and seconded by Bussiere to pay C. W. Sipple the sum of $20.00 for drafting ordinances and other legal work to date. Motion carried.

A Motion by Baksalerski and seconded by Bussiere to publish proceedings of all meetings of the village board in the Pulaski News, also all ordinances and dog notices at $5.00 per month. Motion carried.

A Motion by Bussiere and seconded by Kubiak that the members of the Board of Review be paid the rate of $5.00 per day while in session. Motion carried.

A motion by Baksalerski and seconded by Kubiak to accept finance comm. report as read. Motion carried.

A motion by Bussiere and seconded by Lontkowski to adjourn meeting. Motion carried.

PETER KUROWSKI,
Village Clerk.
August, 3, 1942.

According to Factographs, a London "peasoup" fog costs the British metropolis about $5,000,000 a day. "Peasoup"? Sounds more like champagne to us.

## Attention Red Cross Workers — Attention

There will be no meeting of Red Cross workers Thursday, Aug. 13th, but regular meetings of all ladies interested in sewing and knitting will be held at the Legion Hall every Thursday evening thereafter.

Every student is urged to enroll the very first day of school. Arrangements may be made with individual students who are needed for farm work to stay home for a few days after school begins but the first day is the most important and should be atttended. The school plans on having a few days of vacation during potato digging and corn harvesting time.

# Pulaski High Offers a Wide Range of Subjects

The Pulaski High School will continue to offer a wide range of courses during the coming year. The student may choose any four of the courses listed for any year. The choice will depend upon the indvidual pupil's needs, interests, abilities, and future plans. The first year courses are largely exploratory in nature so that a student may have an opportunity to find himself. The courses are as follows:

**First Year**
English 9
Citizenship
Industrial Arts 9
Gen. Business
Latin
Agriculture 9
Home Ec. 9
Gen. Science
Fine Arts 9

**Second Year**
English 10
World History
Typing 10
Ind. Arts. 10
Agriculture 10
Home Ec. 10
Algebra
Biology
Arts and Crafts 10.

**Third Year**
English 11
Chemistry
Geography
Ind. Arts 11
Mechanics 11
Home Ec. 11
Typing 11
Shorthand
Am. History
Geometry
App. Math
Arts & Crafts 11

**Fourth Year**
English 12
Physics
Bookkeeping
Arts &Crafts 12
Social Science
Mechanics 12
Woodworking 12
Home Ec. 12
Rural Sociology
Economics
Welding

In addition to the above subjects, students may enroll in band, glee club, football, basketball, baseball, and other clubs and activities that interest them.

Pupils and parents are advised to study their programs carefully and consult their school adviser or principal any day of the last week of vacation. A diploma from the Pulaski High School will admit a student to any University, college, vocational school or any institution of higher learning providing that the student took the right courses and pre-requisites in high school. Therefore, those who are planning on continuing their formal education above high school, should be especially careful in choosing the right courses. College requirements vary but usually they require courses in science, mathematics, history and the languages. Be sure you include these in your program.

## Pulaski Continues School Bus Service

The school will again operate its four school-owned buses. The rate of fare will be $2.50 per month, payable at the beginning of every month. The routes have not been definitely established but will most likely follow the pattern of last year unless a definite need can be shown for changes.

The Pulaski High School finds it possible to operate at a low rate because the buses are publicly owned. The buses are comparatively new, are provided with good tires, and are safely and efficiently operated.

Education is learning how to live and how to make a living.

Be scant on your criticism and generous with your praise. Look for the admirable qualities in everyone you meet.

## Last Rites Held for Mrs. Chlebowski

Funeral services for Mrs. Herman Chlebowski, 65, route 1, Pulaski, who died Tuesday morning at 7 o'clock were held Friday morning at 10 o'clock at St. Mary's Church with the Rev. Martin Kropidlowski officiating. Burial was in the church cemetery.

The deceased is survived by her husband, six daughters, Mrs. Philip Loth, Mrs. Joseph Kostecki, and Mrs. Kenneth Hendershot, Chicago, Mrs. Theodore Passon, at home, Mrs. Bernard Ruminski, Milwaukee, and Mrs. Bernard Lontkowski, Pulaski; four sons, Frank, Milwaukee, Harry, route 1, Pulaski, Joseph, Camp Grant, Ill., and Roman address unknown, United States Army, 14 grandchildren, and one sister, Mrs. Constance Klimazewski, route 1, Pulaski, and two brothers, Stanley Welcing, Pulaski, and Martin Welcing, Chicago.

The Marnocha Funeral Home was in charge.

## *It's Really the Truth*

Faith without the works that faith inspire is dead.

Truth, like light, travels in straight lines.

It's nice to have friends, but still nicer to hold them.

Hide not your talents, they for use were made. What's a sundial in the shade?

**GET "WAR FATS"**

WASHINGTON — — The war production board today sought to make it easy for war speakers by providing them with an 82-page handbook titled "War Facts."

Should citizen Jones be called upon "for a few words," he could select 1,000 words on almost any subject connected with the war effort.

# S-M-I-L-E-S

Johnny: "Teacher how do you write eleven?"
Teacher: "Why, with two ones."
Johnny: "Which one do you put first?"

Pat: Can your girl keep a secret?
Mike: I'll say! We were engaged for weeks before I knew a thing about it.

"Nobody loves me, and my hands are cold'."
"Don't worry, Honey. God loves you and you can sit on your hands."

Ben: "This is a spring chicken all right."
Buck: "How do you know?"
Ben: "I just bit into one of the springs."

Phil: "Hey—I ordered a sandwich. This has nothing in it."
Waiter: "Well, it's a Western sandwich—two hunks of bread and wide open spaces in between."

"Hello, Sally—do you still love me?"
"Sally? This is Hilda!"
"Oh — sorry — I keep thinking this is Wednesday!"

The American public schools are the only guarantee for the continuance of our democracy and the only hope for its future. We must keep them clean and fine, free from political, professional and business selfishness. We must keep them ever close to the people. We may not move so fast as if organized in some other way but we shall move more safely. The people in realizatcn of the possibilities of our schools for their children and their country are much better custodians than a distant bureaucracy or dictatorship.
