A Girard man is dead after the driver attempted to pull an accident involving a semi on Interstate 55 two miles north of the Raymond exit at 5:20 a.m. on Wednesday, Nov. 4

John B. Barnes, 56, of Girard, was pronounced dead at the scene by Montgomery County Coroner Randy Leetham.

According to Illinois State Police, Barnes was driving a 2015 Chevy box truck that had been stopped on the shoulder of the southbound lanes. As

back onto the interstate, his vehicle was rear-ended by a semi driven by Michael C. Hegger, 36, of Florissant, MO, who refused medical attention.

The Raymond-Harvel Fire Department responded with 12 volunteers, and was on the scene for more than an hour and a half. The Illinois State Police traffic crash reconstruction unit is continuing the investigation.

## 28 New COVID Cases So Far This Week

The Montgomery County Health Department reports 28 new COVID-19 coronavirus cases this week for a positivity rate of 3.1 percent since Sunday, Nov. 1

In total, 667 cases have been confirmed in Montgomery County since the pandemic began; 17 of those have died from the disease, one fewer than last reported. One of the two deaths announced over the weekend has been reclassified to another county, according to the health department.

According to the Illinois Department of Corrections, 67 of the 70 cases among staff at Graham Correctional Center in Hillsboro have now recovered from the virus, as have 26 of the 29 inmates.

The ballot drop box was installed new this fall in preparation for increased mail-in votes due to the ongoing pandemic. It was checked daily throughout the early voting process, with a representative both the Democratic and Republican parties present each time it was checked. Two keys were needed to open the ballot box, one for each party, and the clerk's office kept a log of each time it was checked and how many ballots were inside. Journal-News/Mary Herschelman

## **Big Turnout, Big Night For Local Republicans**

Montgomery County voters elected a new state's attorney while favoring Republicans in every single race, and voters in Litchfield let city hall know they are in favor of the sale of recreational cannabis in the city during Tuesday's general election.

In total, 83.71 percent of Montgomery County's registered voters cast ballots-whether early, by mail, or at the polls-up more than 10 percent from the presidential election in 2016. That,

however, is a by-product of both sides of

the equation: 669 more people voted in

2020 than in 2016, but there are more

than 1,400 fewer registered voters now

than then.

Montgomery County voters elected Republican Andrew Affrunti as new state's attorney in favor of incumbent Democrat Bryant Hitchings, and sent six new members to the Montgomery County Board: Jim Havera of Nokomis, Doug Donaldson of Witt, Patty Whitworth of Hillsboro, Russell Beason of Litchfield, Bev McCoy of Hillsboro, and Andy Ritchie of Hillsboro. All six are Republicans. Reelected to the county board

were Republicans Connie Taylor Beck of

Litchfield, Jeremy Jones of Farmersville,

Gene Miles of Nokomis, and Democrats

Richard Wendel of Litchfield and Tim

Fogle of Litchfield.

Republican Holly Lemons was reelected circuit clerk without opposition, and Republican Randy Leetham was reelected coroner without opposition.

Montgomery County voters also said an emphatic "no" amending the state constitution to allow more than one income tax rate, favored Republican Donald Trump for president, favored Mark Curran for U.S. Senate over winner Democrat incumbent Dick Durbin, and

favored winning Republican incumbents

Rodney Davis for congress and Avery

Bourne for state representative.

## **Hillsboro Community Plans Drive-Thru Meal**

**Drive-Thru Thanksgiving** 

Churches in the Hillsboro community are once again hosting the 29th annual community-wide Thanksgiving dinner, although it will look a little different this year due to the ongoing pandemic.

Sponsored by the Greater Hillsboro Ministerial Fellowship, traditional Thanksgiving meals will be given away on Thanksgiving Day, Thursday, Nov. 26, at The Event Center of Montgomery County, located on Illinois Route 185 in Taylor Springs.

Food will be provided by Hillsboro area churches, and as always, the meals will be provided free of charge. However, this year, there will be no

## **Hillsboro Chamber Hypes Small Business Month**

In an effort to support small business this holiday season while maintaining safe shopping amid the pandemic, the Hillsboro Chamber of Commerce is changing Small Business Saturday into Small Business Month in November, complete with potential prizes for both shoppers and businesses.

Small Business Saturday, which annually falls on the Saturday after Thanksgiving-the day after what has become known as Black Friday-encourages holiday shoppers to support their local mom-and-pop stores on that particular

day on the calendar.

While the Hillsboro Chamber of Commerce certainly encourages shoppers to visit their local businesses, asking them to do it all in one day doesn't work during a pandemic," chamber executive director Kaitlyn Fath said, "so we're excited about promoting local holiday shopping during the entire season. Doing your shopping right here in Hillsboro during Small Business Month will make for a much merrier December."

## **Health Officials Offer Guidance On Protocols**

#### by Mary (Galer) Herschelman **Litchfield Churches Plan**

With new mitigations in this area and a continued rise of positive cases of the CO-VID-19 virus, health officials remind local residents of some of the protocols put in place to keep the community safe.

"I do not see us being back to a 'normal' state anytime soon," said Montgomery County Health Department Administrator Hugh Satterlee. "We all want to get out and do more things, but we need to do it safely. I'm not

saying you should only stay in your house, but when you go out wear a mask and try to stay away from people outside your household.'

With more than 20 positive cases just this week, Satterlee reminds residents the importance of quarantine after a positive test or being contact-traced by someone with a positive test to help slow the spread.

"If you get a positive test, you will more likely find out from a testing facility or a lab before you hear from the health department,"Satterlee

said. Doctors and health de-

partment officials agree that those who test positive should isolate themselves in their homes for ten days from either the first sign of symptoms or from the positive test date, whichever comes first.

"It's important to stay home," Satterlee said. "And to stay away from others. Do everything you can to stay away from your family. We are seeing more of a trend that entire families are testing positive than we were before." He added that someone

from the health department also checks in on everyone with a positive test each day they are in isolation to see how they are feeling with a phone call, a text or an email. Satterlee said many employers require a letter releasing someone with a positive test to return to work, and they will provide that after ten days of isolation.

Some employers encourage re-testing before returning to work, but Satterlee said they are seeing cases where people test positive after the ten days.

The forecast predicts plenty of sun for Saturday morning's Rake and Run cleanup event, hosted by Imagine Hillsboro and Hillsboro Area Hospital Junior Board. Community volunteers are asked to meet at 8:45 a.m. at Central Park Pool, where they will receive their landscaping assignments. While named Rake and Run, no actual running is involved. The goal is to rake as many yards as possible in a short amount of time. Participants may assemble a team or come individually and join an existing team. Imagine Hillsboro and the Junior Board will provide paper bags for collecting leaves but volunteers are asked to bring their own rakes and gloves.

In addition to volunteers, Rake and Run organizers are still accepting suggestions for yards to rake. Preference is given to veterans and seniors. Residents in need of yard work, or that know of others in need of help are asked to contact Jessica Chappelear at 217-532-3896 or Dr. Doug Johnson at 217-313-1125.

Typically, local communities celebrate Small Business Saturday on the Saturday after Thanksgiving, encouraging customers to remember to shop local that day. Due to the ongoing pandemic, the Hillsboro Chamber of Commerce is designating November as Small Business Month, encouraging local residents to shop small all month and stay safe.

Those who shop local, can pick up a punch card at any local bank and when you shop at ten different Hillsboro businesses, you can be entered for a chance to win \$100 in Hillsboro bucks. For more information, check out the special page highlighting Small Business Month on page 6A.

## **HUMC Preschool Learns About Fire Safety**

Dustin Carlock of the Hillsboro Fire Department visited with both the morning and afternoon classes at the Hillsboro United Methodist Church Preschool program on Thursday, Oct. 26, to talk about fire safety. He talked to the students about not playing with matches or lighters and not to hide if there is a fire in their house. Carlock added that students should sit under the window in their room so they can be found easily in case of a fire, and that they shouldn't be scared of firefighters. He even put on his gear to show them it's not scary, and told students they should yell for help so someone can find them. Before he left, students had a chance to walk around and look at the fire truck. In years past, students have had the chance to sit in the fire trucks, but were unable to do that with the ongoing pandemic this year. Pictured above, students in the afternoon class listen as Carlock talks about fire safety.

## **DCFS Promotes Adoption Awareness**

November is Adoption Awareness Month in Illinois, a time to acknowledge the thousands of families across the state that have opened their hearts and homes to children in need, promote adoption awareness and celebrate the connection every Illinoisan has to adoption.

The Illinois Department of Children and Family Services and Illinois Adoption Advisory Council's "What's your connection?" statewide campaign encourages the public to share their connection to adoption by printing coloring sheets with their children, placing them in windows or on doors and sharing photos on social media.

Last fiscal year 1,523 Illinois children were adopted into permanent, loving families. Today there are over 18,000 youth in care waiting for a family and place to call home.

To learn more about some of them, visit the Heart Gallery of Illinois at www. greenlightfamilyservices.org/ heartgalleryofil/.

For more information about becoming an adoptive parent, visit www2.Illinois.gov/dcfs and click on "Loving Homes" then on "Become a Foster or Adoptive Parent."

## DRAGON BEAT · by Addison McLaughlin at HJHS **Forms For Eighth Grade Trip Are Available**

Hey Drag-Today, ons! Thursday, Nov. 5, is the 45th day of fall and there are 56 days left of

2020.

What would you get if you crossed a turkey with a ghost? See answer below.)

Last week was Red Ribbon Week at HJHS, a week of making Really Excellent Decisions! Mrs. Anderson challenged the student body to remember the theme day, and write them down for a chance to win a small prize on Friday. A big thank you to those who paid attention and entered. Congratulations to the following winners: DJ Brown, Hope Speiser, Alivia Willman, John Raffety, Cayden Stanberry, Skylar Durbin, Delia Aguilar, Kamdyn Putnam, Kash Malloy, Makenna Zanni, Kaleb White, Delaney Adams, Anne Buske, Kaiser Clevenger and Harmony Werner-Long.

This month's big holiday is Thanksgiving. Traditionally speaking, that day we focus on the things that we are thankful for having in our lives. This month at HJHS, we are challenging our students with a month of gratitude. Everyday, during the morning announcements, a gratitude statement will be read, which encourages our students to be mindful and think about what they are grateful for on a daily basis. Yesterday, Wednesday, Nov. 4, was "What food are you most grateful for?" and today's is "What sounds are you grateful for?"

Another important holiday this month is Veterans Day, which is Wednesday, Nov. 11. This holiday honors all of those who have served the country in war or peace, and we thank the veterans for their sacrifices. It marks the anniversary of the end of World War I. Major hostilities of World War I were formally ended at the 11th hour of the 11th day of the 11th month of 1918, when the Armistice with Germany went into effect. At the urging of major U.S. veteran organizations, Armistice Day was renamed Veterans Day in 1954. In honor of all

forces, we will have Wednesday, Nov. 11 off. For your information, I am writing this article on Tuesday, Nov 3, Election Day! And, while I have no idea who the winners will be, by the time you read this on Thursday, Nov. 5, you should know who will be our president for the next four years. Either way, "Congratulations, Mr. President."

of our veterans and those who

currently serve in the armed

Signups for the Washington, D.C. trip are available. The trip is only for eighth graders. The date for the trip is May 28 to May 31, 20121. You can go to the Hillsboro Junior High School webpage for details about the trip.

Well that is all for this week Dragons! Always remember, "Great minds discuss ideas, average minds discuss events; small minds discuss people.' –Eleanor Roosevelt.

## Irving Hosts Annual Halloween Party

The Village of Irving, along with local community churches, joined forces to host the annual Halloween party on Saturday, Oct. 31, at Irving Park. About 60 attended this year's festivities and enjoyed hot dogs, gournet s'mores and drinks. They also gave away prizes for the best costumes and kids enjoyed a "toy walk," similar to a cake walk where they could select a wrapped toy as a prize. All spots in the toy walk were marked six feet apart so participants could social distance throughout the event.

## **Committee Moves Forward With Plans**

The Montgomery County Bicentennial Committee met at 5 p.m. on Wednesday, Oct. 28, at Butler Fairgrounds. Those in attendance were, Patty Whitworth, Albert Oberle, Tim Fogle, Randy Singler, Janette and Paul Huber, Janet Carlyle, Carol Calvert, Jeanette Huber, Jeff Dunn, Jody Dunn, David Beal, Patsy Bourdoumis, Marti Benning and Donna Yeske.

The committee opted to change the date of the kickoff bicentennial event from Friday, Feb. 12, 2021, to Saturday, Feb. 13, 2021. This change was made to accommodate potential attendees work week schedules. The ceremony will still be held at noon in front of the Historic Courthouse, with a reception to follow at the lobby of the (new) Montgomery County Courthouse. A rain date for the Saturday, June 5, 2021, event was set for Sunday, June 6, 2021, and a COVID (if cases were too high to hold the summertime celebration) date was set for Oct. 2, 2021.

Whitworth read a draft invitation for the Saturday, Feb. 13, event that she will sign and send out following the election. businesses. Food sales will be

The committee then began discussing spools. Singler stated there weren't many and that he hasn't been able to get in contact with CTI. Oberle is going to contact Ameren to see if they have any spools available. The Singlers agreed to go back to the drawing board to come up with alternatives to the spools, that can be used to make the ornamental birthday cakes. They will also contact each town to confirm they have a group that is willing to take on making the decorative cakes. The goal is that the bicentennial birthday cakes will be on display in each town by March, 2021.

Yeske reported that she had spoken with Earl Flack and that McKay/Napa has agreed to sponsor the display tags for the car show. Calvert will meet with Flack and AJ Banners Print Shop regarding the tags.

Dunn will contact each town about businesses that are interested in setting up booths at the bicentennial celebration in June. Fogle will assist, and has already been in contact with several Litchfield-based

the only thing limited, all other sales are welcome.

Bourdoumis and Beal are working on the farmers (farm) history. They are planning to set up a booth inside the Arts and  $\hat{C}$  rafts building, along with displays from each community that Dunn is working on.

Oberle is looking for bands that are interested in providing live entertainment during the June celebration. Those interested are asked to contact him at 217-532-3595. He plans to use the building next to the arena, at Butler Fairgrounds.

Benning suggested areas for games, petting zoo, wood carving, horse shoe throwing and Ken Gafney's historical reenactment booth. She has been in contact with the FFA chapters in the county about getting involved in several areas.

A time capsule is in the works. Possibly a 50 year or 100 year time capsule. Those interested in helping organize the time capsule are asked to contact Whitworth or Dunn.

The next meeting will be held at 5 p.m. on Wednesday, Dec.9, at the Bank of Hillsboro.

Cherokee Nation (Eastern Band)

Did you know that archaeologists think the first people to live in North America were the Paleo-Indians? At the end of the last Ice Age (around 12,000 years ago) these people moved from Asia into North America on a land bridge that existed then. It is believed that they lived in small family groups and moved constantly to **hunt** animals like the mastodon (an elephant-like animal that is now extinct) and to **gather** foods like berries and

NSpape]

nuts. Arrowheads for spears and other tools mark places where they lived.

In the Archaic period (8,000 to 1,000 BCE), families had homes with wooden poles covered with hides, which could be **moved**. In the spring they would move to the river valleys to **fish** and **collect** shellfish. In the fall they would move to the forest to hunt deer or turkey and gather nuts and berries. Archaeologists have studied **tools**, soapstone bowls, burial grounds and pottery to understand these people's ways.

In a more recent period, Woodland Indians, people are thought to have had villages as well as seasonal camps. **Corn**, a key part of the Indian diet, was introduced. The first evidence for the bow and arrow were found. It is believed that people were **trading**: salt, beads, shells, fish, pottery and animal skins.

During the next period, Mississippian Indians, settlements became more permanent. Squash, corn and beans, known as the **Three Sisters**, were important and foods from hunting and gathering were now added to the foods harvested from gardens. Beautiful **jewelry** and pottery were created too.

After 1650, when Europeans arrived, there were years of both peace and fighting. In 1836, the U.S. Senate accepted a **treaty** signed by a small group of **Cherokee** to sell their land and the Cherokee were forced to leave the east to be **resettled** in Oklahoma. They were expected to walk 1,000 miles to get there! On this hard walk, now called the "Trail of Tears," an estimated 4,000-8,000 people died. Some Cherokee refused to move and **hid** in the mountains. Many of their descendants now live on Qualla Boundary, a preserve.

## Sequoyah Invents a Cherokee Alphabet

Sequoyah was a young Cherokee who learned how to work with silver. He wanted to sign his work like the European silversmiths did, so he visited Chief Charles Hicks, who could write in English. After Sequoyah learned to write his name using the alphabet, he began to think about creating a writing system for the Cherokee language. With it, they would be able to read and write letters, write down stories and record their history. He created a system where each sound was represented by a symbol, so each letter was a syllable of a word. His system was easy to use and many Cherokee learned to read and write using it.

Sequoyah liked papers and books since they could be used to exchange ideas. Follow the color key to see what he called them: B = BrownG = GreenO = OrangeR = RedY = Yellow

## **Planning Commission Discusses Wind Ordinance**

The Montgomery County Planning Commission and the county's Economic Development Committee met Monday evening, Nov. 2, for a final discussion about the revisions suggested by the planning commission members to the currently in force wind power siting ordinance.

The county board will vote whether to adopt those changes during the board meeting Tuesday evening, Nov. 10.

The planning commission is chaired by Toni Mc-Donough; voting members are C.J. Liddell, Bill "Red" Schroeder, Joe Goeke, and Brian Niemann. Ex-official members are county board representative Ron Deabenderfer, county clerk and secretary Sandy Leitheiser, county engineer Cody Greenwood, and county economic development corporation coordinator Valerie Belusko.

Also present for Monday's discussion were Rachel Tester, Andy Ritchie, and county board chair Evan Young, with Parkland College instructor Joe Tillman present to provide expert wind farm/energy or wind farm/power opinions. Joining the group by phone was wind farm developer Stan Komperda, who represents

Brian Niemann. Ex-official Highland Renewables, which feels the proposed ordinance members are county board has an office in Springfield. might discourage wind farms

The board's current economic development committee is chaired by Donna Yeske, with Mark Hughes, Dennis McCammack, Tim Fogle, Glenn Savage, and Deabenderfer as its members. Their major task Monday was to decide if the newest wind ordinance (the original was adopted in June of 2009) would advance for the upcoming full board's approval.

The new ordinance totals 32 pages and at least that many hours of debate by the commission.

As a developer Komperda

might discourage wind farms in the county because of setback and tower height restrictions; Tillman said the proposed ordinance does a good job of "...threading the needle...," in that it protects property owners while allowing for a margin of profit for developers. The Economic Development Committee agreed with Tillman, voting unanimously to advance the ordinance to the board for a vote this coming Monday. (Board members were given a draft to review at their October meeting, so more questions may arise.)

## **Coronavirus Protocols**

Continued from page 1A

"After ten days, you're still good to go, even if you have another positive test," Satterlee said. "You aren't contagious anymore."

Even if someone who has tested positive begins to feel ill again within 30 days from their positive test, they are not considered a new case or contagious. However, if they start to feel ill more than 90 days after their positive test, the health department could possibly consider them for quarantine again.

In addition to asking someone who tests positive to isolate for ten days, officials will also ask who has been in close contact with them over the last 48 hours. They define "close contact" as closer than six feet for more than 15 minutes in an eight hour period.

Those "close contacts" will be asked to quarantine for 14 days at home and should stay away from others.

"You should treat yourself as if you are a positive case and limit contact with others," he said.

Although he didn't necessarily recommend those considered "close contacts" be tested for the virus unless they felt sick themselves. He said typically if an exposed person were to contract the virus it happens in four to seven days after exposure. The 14-day quarantine allows the person to shed the virus if he or she contracts it from another. A negative COVID-19 test during that 14-day period does not exempt a person from quarantine.

Even after residents spend time in quarantine or isolation, Satterlee recommends that everyone wear masks in public.

"There's always that chance," he said. "The odds are against someone who isn't contagious passing it to someone else, but we just don't know. Masks aren't perfect, but we do know they cut down on moisture droplets an individual puts out when speaking."

Satterlee added he has never seen any scientific proof that wearing a mask increases carbon dioxide levels or decreases oxygen levels. He said the only people exempt from wearing masks should be those with breathing issues or those with true claustrophobia issues, and those people should avoid contact with people outside their home. He also encouraged residents not to let other health issues slide because of the ongoing pandemic. Things like mammograms, immunizations and mental health

should still be at the top of someone's priority list. "Don't neglect your blood pressure, just because you're scared of COVID," he said.

As state mitigations increased in this area on Nov. 1, Satterlee had high praise for local school districts working hard to keep students and staff safe. He said the districts continue to work with the health department on all positive cases.

He added that bars and restaurants have additional mitigations because people can't wear masks while eating or drinking, even if they wear a mask into an establishment.

"Eating out is typically a very social event," Satterlee said. "Many times in a restaurant or bar, you are talking to people from outside your home. And you never know if someone you are sitting next to is a positive case and just doesn't know it. That's why we recommend the six feet of distance."

Satterlee said that if local

residents continue to wear masks and social distance, he thinks this round of mitigations with no indoor dining could be over in as little as two to four weeks.

And as the holidays approach, Satterlee reminds local residents to be mindful of gathering with those outside the home and try to social distance.

"Everyone likes to be around family," Satterlee said. "It's not about the food or the gifts. It's about the family and the memories. But maybe this year, instead of giving grandma a hug, you can stand back and talk to her. I hate to tell people to be careful, but we do have people that are positive cases that are asymptomatic and that could be devastating to grandma."

For family gatherings with those outside the immediate household, he suggested wearing masks when not eating or drinking.

"I know people don't like it, but you can wear a mask in your own home," he said. "I'm protecting you by wearing my mask. Wear yours and protect others."

## **TS Firefighters Greet Trick Or Treaters**

Members of the Taylor Springs Fire Department held their annual trick or treat nights on Oct. 30 and Oct. 31 at the fire station. A beautiful night brought out more than 70 youngsters in their costumes, along with their parents. Firefighters handed out treat bags of candy to each one. ## **Govaias Make Spooky Display In Neighborhood**

Kerby Govaia, pictured at right, and his dad, Erik, made their neighborhood on East Buchanan Street in Litchfield a little spookier this year, with a Halloween-themed display in their front yard. The pair spent months preparing the animatronics to make sure they worked properly and hours setting up the display for trick-or-treaters each year. Once Halloween was over, the pair made sure to clean up their yard the very next day, with help from his dad, and grandparents, Monte and Robin Govaia.

"This kid has a passion for Halloween and he puts so much work into it every year, but this year was the best yet" said neighbor Kayla Hoover.

SATURDAY OCTOBER 17 DAY TO REMEMBER

Fire Departments, 911 Dispatchers, **Emergency Personnel, Farmers,** and everyone involved!

Your selflessness and generosity did not go unnoticed. We sincerely thank you for your efforts to help protect the land and families of Montgomery County.

**CHRIS-MONT EMA** 

These aren't the Four Horsemen of the Apocalypse, but they were pretty close on Nov. 1. No, the only thing this quartet is leaving in their wake is the competition as, from the left, Travis Lentz, Zach Duff, Chase Saathoff and Cooper Duff rode in the Canton Grand Prix, sponsored by the Canton Motorcycle Club last Sunday.

## **Quartet Put On Grand Show**

A new month meant a new opportunity to race for four Hillsboro area riders on Sunday, Nov. 1, including one who was slightly out of his element.

Hillsboro 15-year-old Chase Saathoff is a rising star in the AMA flat track racing circles, but opted to take his talents to the trails outside Canton on Sunday for the Canton Motorcycle Club Grand Prix, where he joined the Duff and Lentz families in a day ofbumps, jumps, hills and hollers.

The day would be a big success for the quartet, including Saathoff, who took first place in one of the C classes, showing that his skill set transferred over to anything on two wheels.

Zach Duff, of Donnellson, also ran in one of the C classes, the 12 to 29-year-old division, where he was the only 85cc rider in the class. Duff, who turned 15 on Nov. 3, would run 14th in the first moto and 12th in the second moto, as he finished 12th overall out of 22 riders.

The older of Ryan and Rachel Duff's two boys who raced on Saturday also ran in the Supermini class and finished sixth in both motos, taking sixth overall out of 12 riders.

Younger brother, Cooper Duff and riding buddy Travis Lentz, son of Jay and Alison Lentz of Walshville, would run in the 65cc class and more than made their mark. Fresh off a win in the Trailrider class in Indiana the day before, Lentz took first in the 65cc group, while Duff was close behind in second.

The race was the last one to gain points in the AMA District 17 standings. Cooper Duff was in first going into the race, while Travis Lentz was second. Zach Duff was sixth in Supermini going into the race as well.

## **Beacon Treats Bryant Well On Halloween**

Litchfield racer Dustin Bryant had a few tricks up his sleeve at the Beacon Dragway Boo Bash on Saturday, Oct. 31, in Paducah, KY. Bryant competed in three races at the track, making 17 passes and made it down to eight cars or better in all three. His best performance came in the No Box division, where he made it to the finals before finishing second. In the shootout, Bryant would finish in the top four, while in the Super Pro division, he made it to the quarterfinals in his dad, Phil's Chevrolet Vega. Two weeks before, Bryant was behind the wheel of his Chevy Monza, while his father piloted the Vega at World Wide Technology Raceway in Madison. Brother-in-law Randy Weller and fellow Litchfield racer Corey Wood also competed in the big money race near St. Louis.

## Lynch Races In Donnellson, But Not *That* Donnellson

Donnellson, IL isn't much of a drive for the Lynch Motorsports team, but Donnellson, IA? That was a little more of a haul for Nathan Lynch and the 14N on Saturday, Oct. 31 as the crew headed to Lee County Speedway for Shiverfest.

The 422-mile round trip would be worthwhile despite some tough luck in the heat race, which landed the 14N in the eighth starting spot in the B-Main. From there, Lynch rode the outside wall to a second place finish and a spot in the A-Main.

In the finale, Lynch started 23rd and moved up three spots for a top 20 finish in the team's second to last racing weekend

The last of the year will be closer to home as Tri-City Speedway in Granite City hosts its B-Mod Bash on Friday, Nov. 6. If all goes well, Fayette County Speedway is also closing out the year on Saturday, Nov. 7, in Brownstown.

## **Nobody Missing At The Crossroads On October 31**

It was time to wrap things up at the Crossroads Racing Series and the Lentz, Duff and Cruthis racing teams were there in full force on Oct. 31, for round eight of the series at Rapers Farm in Bloomfield, IN.

Case Cruthis had himself a day in the Intermediate division as he won the Four Stroke class as the only rider to complete five laps. Cruthis also finished 13th overall in Intermediate bikes.

Travis Lentz also had some success in the Intermediate division as he opted for a different bike and took first in the Trailrider class. Lentz and riding buddy Cooper Duff of Donnellson also ran the 65cc class in Youth bikes and finished third and fifth respectively. Overall, Lentz would finish 11th in Youth bikes, while Duff was 19th.

Travis' older brother, Tyler Lentz, ran in the Supermini class at Bloomfield and finished sixth in his class and 18th overall.

In the Pee Wee division, Gideon Cruthis was the picture of perseverance as he pushed his bike across the finish line after it seized up and wouldn't start near the end of the race. Cruthis would finish second in the Auto Inject class and 20th overall in the Pee Wee division.

The 2020 championship banquet for the Crossroads Series is set for Jan. 16, 2021, at the Putnam County 4-H Fairgrounds in Greencastle, IN.

## **Tennis Toppers Keep At It During Long, Strange 2020**

#### by Kyle Herschelman

Tennis is often a strange trip for the athletes who play it as Hillsboro is one of the few "small" schools who have the sport. But in addition to competing against the Chathams, Sacred Heart-Griffins and Jerseyville's of the world, along with their South Central Conference foes, the Lady Hiltoppers also had to deal with COVID-19 restrictions this season, which made the season even stranger.

"As a new head coach, COVID made coaching very difficult. So many rules from IHSA, (six pages) had to be followed. Sometimes coaching became second due to all the steps that had to followed for all team members to remain safe," said first-year head coach Jodi Speiser, who had served as Jen Anderson's assistant previously. "Also our COVID region for playing matches was small so we did not have near the amount of matches to play as a regular season. Regardless of the late start and the lack of matches, I thought we did quite well."

Despite just eight matches and three tournaments on the schedule, the Lady Toppers persevered and came away with a few highlights from the 2020 campaign that featured eight seniors, Torrence Clark, Tressie Clinard, Meghan Garmon, Brook Ozier, Madi Devore, Ally Devore, Haley Major and Ella Pfeifer.

Hillsboro went 2-3 against South Central Conference competition, beating Vandalia 5-4 on the Vandals' home court and 8-1 on Hillsboro's senior night. In the road win, Paige Lucykow, Sally Mattson and Brook Ozier picked up singles victories, with Lucykow and Mattson and Meghan Garmon and Ozier earning doubles victories.

The senior night victory was Hillsboro's strongest of the year, even though it

both their bouts and Roxana winning 8-1, with Sally Mattson getting the lone singles win. Mattson also picked up a singles win in a 7-2 loss to the Comets and teamed with Lucykow to claim the other point in the number two doubles match.

With Greenville unable to host their usual doubles tournament due to restrictions at Greenville University, Hillsboro would welcome the Comets and Vandalia to the Hillsboro Sports Complex on Sept. 12, for a round-robin with the three schools each providing six doubles teams.

Hillsboro would pick up six wins, with Paige Lucykow and Sally Mattson winning the number two bracket. Torrence Clark and Ella Pfeifer (numberone), Meghan Garmon and Brook Ozier (number three), Tressie Clinard and Haley Major (number four) and Macy Shipman and Ruthie Mathews (number six) also picked up wins.

Clark would provide one of the biggest highlights of the year at the conference tournament on Oct. 10, when she finished third in singles. After beating Samantha Rittis 6-0, 6-2, Clark fell to Roxana's Stephanie Kamp, who went on to win the championship. The Topper senior then beat Gracie Philpot 8-6 in the third place match to go out on a

#### high note.

She wasn't the only one to make it to the final four at conference. Paige Lucykow and Sally Mattson would finish fourth in the doubles portion of the event.

Unfortunately, the reason for all the precautions would catch up with Hillsboro not long after the conference tournament.

"We almost made the entire season until COVID raised its ugly head. The last two days of the season, sectionals, four of my varsity players were quarantined due to contact tracing," Coach Speiser ex-plained. "I was scrambling to replace my sectional team with JV players that weren't quarantined. We played sectionals with players that did not have much playing experience. They played hard and gave it their all. I am very

proud of the girls giving 110 percent effort through this difficult time."

The experience didn't break the Toppers in 2020 and should strengthen them in 2021, where they will return several key players from their starting six (Lucykow and Mattson), but will rely on some younger players to step up.

Regardless of their results, they have shown that they have the attitude to be good people on and off the court, which is more important in the long run.

"We may not have won every match but we constantly received compliments from players and coaches on how nice our team was," Coach Speiser said. "That's a victory that not many coaches can claim."

In the B-Main, Williamson fell behind early, but was in position to qualify on the final lap when he hit the way. He would finish third, one spot

## Growth Was The Goal For The Lady Toppers

PARIS FROZEN The key to the 2020 season was growth for the Hillsboro girls golf team. It was a tough task considering the additional requirements and 217) 532-3822 restrictions put on the season by the COVD-19 pandemic, but in the end, it was a goal that the Lady Hiltoppers fully realized. **Deer Processing** 

The team went 4-15 on the season, but made great strides from their first match in Staunton to their final time on the links in October at the Taylorville Regional.

Despite missing three matches, junior Megan Jorn showed she can hang with the conference's best as she was fifth at the SCC tournament this year. After finishing with a 53.8 scoring average, Jorn was named MVP by Coach Bob Allen and should lead a very solid group next year that returns all but one player.

That one loss is the team's only senior, Anna Colwell, who had a tendency to come up big in big tournaments. Colwell was just three strokes away from giving Hillsboro another member on the all-conference team and helped the Toppers to a fourth place finish at Indian Springs. She also was solid at regionals, tying for 33rd and had the third best scoring average on the team with a 58.6.

Along with Jorn and Colwell, sophomore Alex Frailey was the other piece of the puzzle for Hillsboro that Coach Allen could usually count on. Frailey was second on the team in scoring average at 56.5 and tied with Colwell for 33rd at regionals. She greatly improved from her freshman year and has the athleticism

to continue to do so next year as a junior.

Sophomore Aurelie Granito would put up similar numbers to last year, posting an average of 69.7 in 2020, but played better as the season went on and improved on her regional score by nine strokes.

While Jorn, Colwell, Frailey and Granito were somewhat known quantities for Allen, who coached the team from 2012 through 2016 before leaving to coach baseball at HHS, Gracie Brink, Sam Frailey, Peyton Colwell and Kennedy Dyer were all a little more of a mystery.

Brink, a sophomore, turned into a solid number four for the Toppers, averaging 61.5 strokes on the season with several rounds in the 50s later in the year.

As her sister did last year, Sam Frailey got a taste of varsity play this year, averaging a 65.5, but should improve on that number next year as a sophomore.

Both Colwell and Dyer played in one round each, shooting a 70 and a 73, and will have gotten some more practice time in by the time 2021 rolls around. They'll be ready to contribute more next season.

With so much coming back, it's easy to be optimistic about Hillsboro girls golf for next year, but the key is those returning players have to work to get better, because it doesn't just magically happen.

'We made great strides throughout the season,"Coach Allen said. "I'm looking forward to next year."

## The Journal-News - Sports

With some help from family friends Brad Saxby (left) and Alex Joyce (right), AJ Sypherd havested his first deer with a bow and arrow, a doe, and his first buck with in five minutes of each other on Sunday, Nov. 1, on the Saxby's land in Litchfield.

## First Two Deer Worth The Wait For Sypherd

AJ Sypherd waited more than a year to harvest his first deer with a bow, but his second? That took decisively less time.

Sypherd, a freshman at Litchfield High School and the son of Rose and the late Mark Sypherd, had been patiently waiting for his first deer since getting his bow over a year ago, but the four-legged forrest dwellers had not been in range until Sunday, Nov. 1.

Sypherd was hunting with family friends Alex Joyce and Brad Saxby on Saxby's family's land. The trio had been in their stands for some time, when Joyce convinced Sypherd to wait a little longer.

Just after 5 p.m., within ten minutes of Joyce's urging for an extension, deer number one finally entered the picture. A doe walked into range

of Sypherd's stand and the young hunter took the shot. The animal would run about 100 yards away before falling in a clearing.

Sypherd would wait a few moments and within five minutes of taking the doe, a buck followed another doe along the same path that the first doe had walked.

The quick turnaround left Sypherd off guard, but he was able to get a new arrow to his bow and fired off another shot, hitting the nine-point buck cleanly for a second harvest.

While the doe was easy to find, the buck was more of a challenge as it fell to the bottom of a creek bed in a small ravine. Still, with the help of Joyce and Saxby, Sypherd was able to get the animal to the truck, where it was dressed and taken for processing.

The meat from both deer is being processed and the buck will be mounted as a reminder of this special moment for Sypherd.

While the experience was an unforgettable one for the 14-year-old, it's also a little bittersweet according to his mother, Rose.

"AJ's father, Mark, passed away two years ago from liver cancer so this experience is extra emotional for AJ because his father couldn't be here with him," said Rose, who also has a 12-year-old daughter, Amanda. "But we have had so many friends and neighbors step up to teach him and help him as he grows into a wonderful young man!"

Friends like Joyce and Saxby, who will undoubtedly remember this day fondly as well.

## Walkers Ride The Pines In Alabama

Red clay dirt, long leaf pines and 1,200 mile round trip awaited the Walker family this past weekend as the Morrisonville motorcyclists traveled to Stanton, AL, for the National Enduro Championship Series' Gobbler Getter National, sponsored by the Perry Mountain Motorcycle Club.

Situated in a state park south of Birmingham, the race gave the Walkers a new look at some terrain, but yielded some familiar results as both Jhadyn and Jhak Walker finished in the top two in their class.

Jhadyn, the older of the two brothers who made the trip, finished second in the A Open division and 37th overall out of more than 580 competitors.

Jhak, who like Jhadyn attends Morrisonville High School, was second in the B200 class and 170th overall on the day.

Both brothers made it through six sections of the course, as did their dad, Jeremy, who raced in the A 30+ division. The patriarch of the racing family finished 14th in his class and 102nd overall.

The Gobbler Getter was the eighth of nine rounds of the NEPG series, with round nine an even further trip for the Walkers, a 1,650 mile

Jeremy Walker, along with sons, Jhak and Jhadyn, competed in the Gobbler Getter National in Stanton, AL, on Sunday, Nov. 1, round eight of the NEPG series. Both Jhak and Jhadyn finished second in their divisions and are in the top five in the series point standings.

round-tripjaunt to Turkey, TX for the Caprock Canyon National on Nov. 15, followed by a 100-miler on Thanksgiving. But they're chasing points

and things are always bigger in Texas. Jhak is currently second in the B 200 standings with 106 points, with three seconds and a fourth in his last four NEPG races, while Jhadyn is fifth in A Open, with two seconds, a fourth and a ninth in his last four.

If they can continue to build on the momentum that they've seen over the last few series stops, the Walkers should be able to sew up a solid finish to the 2020 NEPG Series season.

#### **Project Funds Regenerative Farming Practices** Bader Named Top Finalist In The FFA Agriscience Fair American Farmland Trust, further regenerative practices alongside state water quality

the organization behind the national movement No Farms No Food, is partnering with The Nature Conservancy to provide over \$100,000 for the adoption of regenerative farming practices in Illinois. This initiative is funded through the Doris Duke Charitable Foundation.

6B - Thursday, November 5, 2020

"The U.S. Natural Climate Solutions Accelerator grant will provide American Farmland Trust the opportunity to accelerate the adoption of practices proven to provide climate benefits, such as cover crops, by catalyzing cooperation among public agencies and private partners around the efficient use of financial and technical assistance," noted Kristopher Reynolds, AFT Midwest regional director. "We are excited to leverage our work with current partners to increase the adoption of regenerative farming practices in Illinois."

through enhanced partnerships, testing of innovative programs, expanding technical and financial assistance for farmers, as well as evaluating the success of these efforts in reducing greenhouse gases (GHG).

"AFT's innovative accelerator project will give Illinois' agriculture community even more ways to understand, and account for the myriad benefits soil health practices deliver. This will result in the ultimate goal, more conservation on the ground," Megan Baskerville, TNC Illinois ag program director stated.

AFT will use the COM-ET-Planner tool emission reduction coefficients and county level 2017 Census of Agriculture data to determine the scalable GHG mitigation potential. Over the next 15 months, this project seeks to incorporate soil carbon storage and GHG mitigation as quantifiable outcomes targets, signifying a continued commitment to simultaneously achieving the goals of the Illinois Nutrient Loss Reduction Strategy and the U.S. Climate Alliance.

The project hopes to accelerate the adoption of regenerative farming practices in Illinois, sequestering more than 8 million metric tonnes of CO2e during the 15-month project period. Strengthen existing partner networks and outline methodologies to incorporate GHG impacts into proposed projects. Increase alignment of state and federal conservation funds with the practices and locations that provide the most cost-effective climate and water quality benefits and identify private partnerships to leverage existing funding

AFT will utilize existing programs such as the Saving Tomorrow's Agricultural Resources (S.T.A.R.) Initiative and Illinois Department of

Agriculture "Fall Covers for Spring Savings" Cover Crop Premium Discount Program to open pathways for leveraging funds from private corporations and foundations. These funds will benefit

AFT's and TNC's partnerships including The Illinois Sustainable Agriculture Partnership, a coalition of conservation nonprofits including commodity associations and research institutions. The key to unlocking these funds lies in the ability to demonstrate the "most bang for the buck" regarding cost-effective environmental outcomes.

AFT will track practices implemented and quantify the GHG impacts from project activities alongside soil health and water quality co-benefits, providing a prioritization framework to guide future program implementation and prioritization of regenerative agriculture practices at the field level.

Litchfield FFA Chapter president and Illinois Association Section 15 FFA secretary Elaan Bader was named a top three national finalist in the National FFAAgriscience Fair in Power, Structural and Technical Systems Division 3.

Her journey began last spring when she entered her Agriscience Fair paper, "The Effect of Bridge Design on Weight-Bearing Capacity," into the initial competition. She went on to win each successive round, which included live judging interviews via Zoom, culminating in her state win as Illinois FFA Agriscience Fair champion.

Each state and two U.S. territories sent a division winner's paper along with a video, made by each national finalist, which highlighted the project and agricultural implications to the preliminary judging for nationals in September. Bader was among those who advanced to the national competition.

Then in October, Bader's project was named a top three national finalist, and she would be featured live during national convention broadcasts on both the National FFA broadcast and RFD-TV's broadcast. Illinois Association FFA and Section 15 Association FFA shared Bader's video on its social media outlets prior to the FFA National Convention.

Pictured above is Elaan Bader with her Illinois FFA Agriscience Fair Champion rosette ribbon and her 2020 Illinois FFA Agriscience Fair National Finalist Candidate-Power. Structural and Technical Systems Division 3 plaque.

National Agriscience Fair top three award winners will be announced live on stage during the virtual 93rd National FFA Convention and Expo.

Bader is grateful for the technical support and feedback from her brother, William, a structural engineer, and the support and encouragement from her advisor Matt Belusko. Bader is proud to represent her chapter Section 15 and Illinois FFA.

## **Raymond Halloween Parade A Spook-takular Time**

Creatures of all sorts could be spotted in downtown Raymond as the community celebrated the spooky season with a Halloween Golf Cart Parade on Saturday, Oct. 31. "It was a huge success. The cart drivers all had fun tossing candy and there were a bunch of kids along the route for it," said event organizer Nyckole Klein. "I'm already looking into making next year bigger. Maybe fire trucks and an ambulance if possible." Community members were invited to dress their children in their Halloween costumes and participate by gathering on Broad Street for a parade, where youngsters could collect candy. The parade route began at the KC Hall and ended on Broad. Gift certificates to Tosi's Diner were awarded to the most creative golf carts with Rob and Trisha Gwinn winning first place with their "Mystery Machine" and Steven and Jessica Krager following in second with their Mario-themed cart. Photos were provided by Becky Collins.

At right, the Krager family, who depicted four famous Mario Kart characters, turned their golf cart into a go-kart to race through the Raymond Halloween Parade.

## Nokomis To Mark Eleven Years For Angel Program

The Santa Dennis Spirit of Christmas Giving, bolstered by contributions from the community, will once again sponsor the Tree of Angels program for families within the Nokomis School District, who are in need of a little extra help during the holidays.

This will be the 11th year for the program. Last year Nokomis' Tree of Angels program gifted 36 families, with a total of 94 children.

Applications will be sent home with students. They may also be obtained at Nokomis Public Library or from Gloria Wendling at 315 Lincoln Street. Completed applications should be returned to North Elementary School in Nokomis or mailed to 302 West Front Street, Nokomis, to children from birth to 12 years old. The angel tags will be hung on a Christmas tree located at Nokomis City Hall, just inside the library door, beginning Sunday, Nov. 22. Those purchasing items are asked to return them to city hall, unwrapped, no later than Wednesday, Dec. 9. The gifts may be placed around the tree, with the tag (angel) from the Christmas tree attached to the outside of the bag.

Tentative dates for families to pick up gifts have been set for Friday, Dec. 18 (between 1 to 4 p.m.) and Saturday, Dec. 19 (between 10 a.m. and 2 p.m.) at Santa's House, located at 302 West Front Street in Nokomis.
