5 TIPS FOR FIRE SAFETY AT HOME

1 **DON'T BE A HERO**
Firefighters take on an incredibly dangerous job. In a case of a fire, please don't be a hero without proper training & equipment.

2 **HAVE AN ESCAPE PLAN**
A plan that could save your life. Plan 2 + escape routes from every room and alternatives in case of anyone with a disability & establish a meeting place.

3 **HAVE FIRE EXTINGUISHERS**
Fire extinguishers should be checked periodically. Check for physical damage and pitting from rust. Always make sure the arrow on the gauge is pointing to the green area.

4 **MINIMIZE RISK AT HOME**
Cooking, Candles Burning, Smoking, Lights, Extension Cords, Loose Outlets, Fireplaces, Lint, Space Heaters, Hair Styling Tools & MANY MORE

5 **CHECK FIRE ALARMS**
Test your smoke detectors. If the sound is weak or nonexistent, replace batteries.
