Make the move

Looking to relocate to a community that provides the services you need? Well, Long Island is filled with many great communities, but Patchogue is one great place to consider.

The Greater Patchogue area has much to offer, including private and public school education, parks, entertainment and so much more. In today's hustle and bustle, convenience is key. Patchogue is accessible by car, bus and train and with MacArthur Airport just 15 minutes away, air travel couldn't be easier. The busy downtown district is always buzzing with activity like seasonal street festivals for the entire family, unique shopping and restaurants featuring cuisine from around the globe.

First, let's find you a home. Patchogue provides a number of housing options and realtors like **Coldwell Banker M&D Realty** and **The Option First Team at Exit Realty** that can help you find a home to suit your individual needs. There are apartment complexes and condominiums for every budget, ideal for those who lack a green thumb and time to landscape and

garden. Grand Victorian and Colonial homes are perfect for families wanting some space and a home filled with rich

history. Bungalows offer a quaint coziness for simple living while still providing yard space for the kids and gardening.

That Meetball Place

"Our concept began years ago when we realized the simplicity of the meatball, and how it is a comfort food cherished across all age groups and cultures. So many of us grew up with our Grandmothers making Sunday dinner where "The Meatball"

was the simple and delicious focal point of the entire meal! Our chef has taken his inspiration from those fond memories of food and family and with the freshest ingredients has developed meatballs, salads & sides to satisfy everyone in your family.

In creating our first "That Meetball Place" on Main Street in Patchogue in 2014, we were able to provide that great vibe where friends and families gather together to enjoy fresh, simple and delicious food. We are also proud to be a part of the revitalization of Patchogue, a booming Main Street Village.

In the Patchogue location, we wanted to bring to Long Island a restaurant/bar that retained the feel, and charm of downtown New York City. We purchased a 10,000 sq ft barn in Pennsylvania that was knocked down and can be seen throughout the interior and exterior of the restaurant. You can watch a time lapse video of barn being dismantled on our website, www.thatmeetballplaceli.com.

Two years ago, we opened our second

"That Meetball Place," this time in another resurging Main Street Village here on Long Island, Farmingdale. Complete with balcony dining, an outdoor terrace and lounge and the popular TMP Underground "speak-easy", That Meetball Place in Farmingdale is a perfect place to dine. We believe our concept is a perfect fit for both close knit and welcoming communities now growing with a new buzz and activity.

Our Beautiful restaurant, paired with our excellent customer service and a trending, authentic Meatball Feast is perfect for every occasion. We bring something unique to the table. The room décor, rustic and reclaimed, is the perfect backdrop to highlight what you are celebrating. Please visit our website to check out the unique catering spaces at both locations.

So, come on down and have a "BALL" with us! We have so much to offer: bringing people together in our warm environment with a chic vibe. Join us for lunch, dinner or Sunday brunch or cocktails on our outdoor terrace and lounge.

"MEET US AND HAVE A BALL!"

Plaza Cinema & Media Arts Center

The Plaza Cinema & Media Arts Center is a not-for-profit, 501(c)(3), community-supported organization located on 20 Terry Street one block South of Main Street in the Village of Patchogue. As a single-screen cinema with 68 seats, The Plaza has the capacity to show an average of 95 different films per year. This translates to 936 screenings, eight recurring series, and 65 guest speaker events including movie star and model Isabella Rossellini. People of all ages enjoy field trips and classes in film appreciation and media literacy as well as hands-on interactive media arts classes and workshops in filmmaking and animation. In 2017 attendance was close to 17,200, which includes visitors from a 35-mile radius. The Plaza is open to the public 365 days, year-round. Depending on the day of the week, it is open from 9:30 AM - 11 PM

Noteworthy series with guest speakers include The Cineaste (indie and foreign films), EnviroDOCS, Performing Arts in Cinema, the Animation Show of Shows, Manhattan Short, Kid Flix (from The New York International Children's Film Festival), and The Oscar Nominated Shorts. The annual outdoor screening at Isabella Rossellini's farm features restored classic silent movies accompanied with live music.

As the only Art House Cinema on the South Shore, The Plaza has a cultural, historical, and financial impact distinctly different from commercial multiplexes. People who come to see a film or take a class also eat and

shop locally. The Plaza has become a hub for intellectual enrichment, and a breeding ground for discourse and cross-pollination of ideas. Film production courses provide creative outlets for children and teens, while media literacy workshops and professional development classes for teachers create a vital synergy between education and the arts. The Plaza's existence attracts potential residents and enhances the quality of life of those who already live in the area.

The Plaza's operational model brings cultural and educational programming together under one mission-driven roof, and is fiscally supported by a combination of admission and tuition, philanthropic funding, grants, business sponsorships, and community contributions.

For up-to-date movie showtimes and everything else that The Plaza has to offer please visit www.plazamac.org. For movie showtimes you can also call the box office (631) 438-0083.

The Plaza's mission is to celebrate the power and magic of film as an art form, and as a medium for multicultural exchange and social responsibility by:

Screening quality mainstream, independent, and foreign films, and opera and theatre productions captured live from world stages. Presenting curated series and festivals with guest speakers. Offering field trips, medial literacy workshops, and classes in filmmaking and animation. Contributing to the economic and cultural development of the community.

Our Heroes Are Here For You

Throughout the COVID-19 pandemic and beyond, we have dedicated ourselves to keeping you safe and bringing our community back to health.

At Long Island Community Hospital, you can take comfort in knowing our heroes are here for you. Our front-line heroes have come full circle in the treatment of the deadly virus. Twelve months after seeing the first patient, the community hospital's Vaccine Team began delivering life-saving vaccinations in accordance with state guidance. Not only have they delivered over 10,000 vaccines, letting none go to waste, LI Community was also recognized as a high performing hospital by NYS Department of Health, delivering 100% of the first round doses in the required time frame to all who were eligible under their directives for distribution.

From our Emergency Department Express Care to our COVID-free Ambulatory Surgical Pavilion and Knapp Cardiac Care Center, our hospital is a safe place for you to get the care you need including superior same-day elective surgical care, proce-

dures and outpatient services.

We have also taken every precaution to ensure that our Emergency Department is safe and ready to deliver the highest level of quality care for trauma and emergent conditions.

Our Hospital has served this richly diverse region as a patient-first community hospital for more than 65 years. We are 100% focused on the community and committed to providing quality care with our greatly enhanced services reflected through the Knapp Cardiac Care Center - our highly advanced heart disease diagnosis and treatment facility, our new modern surgical pavilion, our level III trauma center, and our high-touch services including women's imaging, sleep laboratory, wound care and more. These services are delivered with the highest level of compassion by our LI Community Hospital staff - Long Islanders with an unmistakable mix of courage and heart who care about the people right here in our community and whose sole purpose is to provide personalized comfort. What are the Patchogue Young Professionals up to this year?

The Patchogue Young Professionals describe "young" as a mindset and not an age. If you are a "YES" person, you can hang with us! In the last three years of our committee we have accomplished so much! Our group has a ton of out-of-the-box thinkers and we all celebrate each other's strengths. We held so many events that raised over

\$20k on a bi-monthly basis and have met so many inspiring professionals in our area.

2020 brought us a few surprises and cancelled a few events we had on our plate but we kept working! We held a fundraiser for our chamber in the form of a drive-in movie theater night. With the help of sponsorships and a huge marketing push, we sold out FOUR showings in one weekend. This resulted in us raising \$7,000+ to help the chamber through the year. We also planned a newly annual awards dinner to recognize individuals in our community that really shined in 2020.

This year we are continuing to partner with Patchogue-Medford High School with several different events. We have created a "Shark Tank" style competition for the students in which they compete to prove their company is the smartest investment for the "Sharks". The team that performs the best, based on specific criteria, gets a cash prize of \$1000. We have also created an event for the students to attend during the day that is hosted by our committee and several lo-

cal politicians. In this course presented by Jo Bennet from Edward Jones, students will learn even more financial skills to help them set up their young adulthood for success.

Those same students are also offered the opportunity to take our college financial program based off of Dave Ramsey's Financial Peace Program. This is a 12 week course that walks students through ways to avoid going into debt to pay for college and helps set them up for financial success early in their adult life. We also have these students attending one of our professional development events, where we partnered with Toastmasters to teach public speaking skills.

One thing we know how to do well is adapt and keep moving! We are always looking for more organizations or companies that can help our network become more successful. If you're interested in learning more, sponsoring one of our events or buying a ticket to the next event, head to PatchogueYoungProfessionals.com.

When it comes to your to-do list, put your future first.

To find out how to get your financial goals on track, contact us for a complimentary review.

MAKING SENSE OF INVESTING

It takes a village to light a village!

Despite 2020 having been a difficult year for the arts, PAC was still able to offer a free arts experience like no other on Long Island. Last fall, MoCA L.I.ghts transformed the Village of Patchogue into an immersive, open-air museum and arts destination for the public to enjoy safely on foot, by car, and online. Visitors witnessed facades of historic architecture, the PTPA Marquee, and PAC's pop-up projected gallery become vibrant backdrops for contemporary visual arts.

After receiving overwhelmingly positive feedback and reviewing the event's participation, we are thrilled to say that MoCA L.I.ghts 2020 was a huge success. Not only was this the first installation of its kind on L. I., but it was also PAC's first time expanding virtual access to such a large event. As a result of these efforts, the event attracted approximately 250,000 people by foot and by car in addition to 50,000 views on Social Media, exposing over 300,000 people to this innovative contemporary art experience.

With lasting enthusiasm for the event, PAC is now looking to launch MoCA L.I.ghts as a brand-new, annual signature event in

Patchogue Village. Each year, the installations will explore different themes in an effort to attract new visitors and educate the community in a variety of ways; this upcoming MoCA L.I.ghts looks to include historic imagery of Patchogue, bringing to life our rich history that surrounds us every day. As we continue to present these enriching installations annually with the help of our dedicated community partners – Greater Patchogue Chamber of Commerce, Village of Patchogue, Patchogue BID, Patchogue Theatre for the Performing Arts and educational collaborators Eastern Suffolk BOCES Arts in Education, Pat-Med Library, and Cornell Cooperative Suffolk County & Marine Department – MoCA L.I.ghts will be able to contribute culturally, educationally, and economically to its surrounding area.

MoCA L.I.ghts has become a large part of Patchogue Arts Council • Museum of Contemporary Art L.I.'s proven history of ambitious, high caliber, and impactful programming that has been awarded competitive funding from the NYS Council on the Arts, Suffolk County Cultural Affairs, Long

Island Community Foundation, and the Knapp Swezey Foundation. With events such as this that bring the arts to the forefront of the community, we are proud to be a leader among L.I. arts organizations and advocacy groups that stand as an economic driver in New York. As MoCA L.I.ghts becomes an annual event, we look forward to the limitless impacts it can have on the Village of Patchogue and its visitors from near and far.
