Long Island Community Hospital and NYU Langone Health have officially affiliated

Long Island Community Hospital and NYU Langone Health announced in March of this year that the affiliation between the two organizations, is official, having received state and federal regulatory approvals. NYU Langone Health System is now the active parent of Long Island Community Hospital, creating a clinically integrated healthcare network between the two organizations.

This affiliation further extends NYU Langone's healthcare network into eastern Long Island and expands the resources, technologies, and capabilities of a world-class academic medical center to the more than 400,000 patients served by the Patchogue-based Long Island Community Hospital.

"Long Island Community Hospital is a valuable addition to NYU Langone Health's

network on Long Island and will play an integral role in expanding the breadth and depth of our healthcare services to Long Islanders," said Joseph Greco, MD, Senior Vice President and Chief of Hospital Operations at NYU Langone Hospital—Long Island. "Together, we are committed to delivering world-class medical capabilities to all corners of the island, providing the highest-quality patient care to meet the needs of our communities."

The affiliation will enable the transformation of Long Island Community Hospital's facilities, technologies, and processes to help catapult the hospital into becoming the dominant healthcare provider in Suffolk County, with unparalleled quality, efficiency, and access to world-class care. Richard T. Margulis, President and CEO of Long Island Community Hospital, will continue to lead the organization.

NYU Langone has significant experience and success in transitions with multiple hospitals, including the most recent at NYU Langone Hospital—Long Island. Since that affiliation, the Nassau-based hospital has improved patient length of stay, a clinical metric that points to the quality and efficiency of patient care, and reduced the ratio of observed over

expected stays.

"Long Island Community Hospital is entering a new era through our affiliation with this highly respected health system, NYU Langone Health, and we are committed to strengthening our services to optimize patient care," noted Margulis. "Our partnership with NYU Langone brings remarkable resources and new technologies to our organization that will take our capabilities and quality of care to new levels."

NYU Langone Health, which is consistently ranked among the top hospital systems in the country, has six inpatient locations and more than 300 ambulatory sites throughout the New York-metro region and Long Island, with more than 150 practices in Queens and on Long Island.

Long Island Community Hospital provides more than 400,000 area residents with a range of quality services through its inpatient facility, Ambulatory Surgical Pavilion, and Knapp Cardiac Care Center, along with services provided through two outpatient wound care centers, hemodialysis facilities, home care, and through primary care physician locations throughout the surrounding area.

Make the move

Looking to relocate to a community that provides the services you need? Well, Long Island is filled with many great communities, but Patchogue is one great place to consider.

The Greater Patchogue area has much to offer, including private and public school education, parks, entertainment and so much more. In today's hustle and bustle, convenience is key. Patchogue is accessible by car, bus and train and with MacArthur Airport just 15 minutes away, air travel couldn't be easier. The busy downtown district is always

buzzing with activity like seasonal street festivals for the entire family, unique shopping and restaurants featuring cuisine from around the globe.

First, let's find you a home. Patchogue provides a number of housing options and realtors like **Coldwell Banker M&D Realty** and **The Option First Team at Exit Realty** that can help you find a home to suit your individual needs. There are apartment complexes and condominiums for every budget, ideal for those who lack a green thumb and time to landscape and garden. Grand Victorian and Colonial homes are perfect for families wanting some space and a home filled with rich history. Bungalows offer a quaint coziness for simple living while still providing yard space for the kids and gardening.

Ruta Oaxaca

Ruta Oaxaca (pronounced wah-hah-kah) is one of Patchogue's newest restaurants. This is now owner Jose Castillo and his partners, chefs (and brothers) Carlos and Felipe Arellanos' 2nd location, having opened their first restaurant in Queens a year ago. The name? Well that comes from a southern Mexican city renowned for its fine cuisine. The Arellanos brothers became interested in cooking at an early age from their mother from which the menu is inspired from. The owners pride themselves on serving authentic gourmet Mexican cuisine with traditional Moles and, while

mainstays, fresh guacamole, nachos and choices of quesadillas are available you must also try "Cochinita Pibil" a taco containing Yucatan marinated slow cooked pork, avocado, salsa verde, habanero pickled red onion and cilantro..... Thirsty? You also must sample the drink menu, the drinks not only taste great but look amazing! Oaxaca has an extensive tequila and mezcal selection with amazing margaritas! See their mouthwatering menu on page 5. They are located at 30 East Main St. For more information call 631-569-2233

PATCHOGUE THEATRE FOR THE PERFORMING ARTS

For almost 100 years, the Village of Patchogue has had a stage at the center of its community - the historic Patchogue Theatre venue that originally opened as Ward & Glynne's Theater in 1923. In its day, Patchogue Theatre attracted silent films, vaudeville and live music performances with acts such as Bette Davis, Eddie Foy and the Fabulous Foys, The Paul Whiteman Orchestra, The Marx Brothers, John Philip Sousa and Rose's Royal Midgets, to name a few.

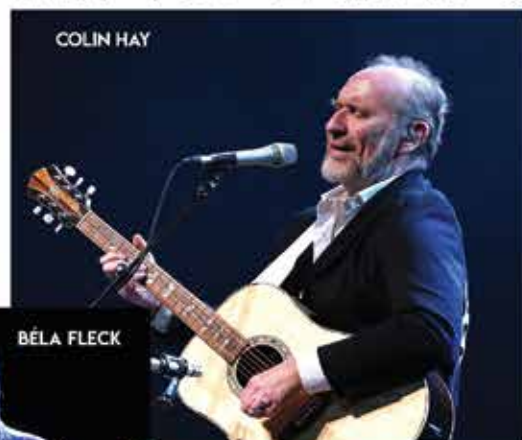

In 1987, the building closed and stood empty for 8 years until 1998 when its interior underwent a \$1.15 million renovation, restoring it to its 1923 grandeur. Patchogue Theatre for the Performing Arts (PTPA) opened and has since gone through multiple renovations, including the installation of over 1,000 new seats, the addition of a state-of-the-art LED marquee and a complete upgrade of sound and lights. There are a total number 1,106 seats, including the handicap-accessible seating.

Upcoming shows include performances from **Debbie Gibson (6/11)**, **John Hiatt (7/2)**, **Howard Jones (7/17)**, **Everclear (7/21)**, **Drive-By Truckers (8/8)**, **JJ Grey & Mofro (8/10)**, and more. Check the website at PatchogueTheatre.org for the complete list of shows.

GET TO KNOW

South Bay Art Association, which was established in 1956, is one of the oldest not-for-profit 501(c)(3), community supported art organizations on Long Island.

Based on the South Shore of Long Island, SBAA's mission is to bring creatives together to encourage the education, creation, and appreciation of the arts within our local community. This includes members' exhibits at local venues, field trips across Long Island to provide creative inspiration, our monthly Sketch Club, and the multiple workshops offered to our membership.

Not only does SBAA participate in local art events and programs, but we also organize multiple events throughout the year. These events are meant to promote the creation and personal expression of artists. We are proud of our events, which include, an annual Plein Air in Bellport, Discover the Arts festival, and our signature event, Artists on the Lane, which is in its 64th year.

Traditionally held on the 4th of July in the heart of Bellport Village, Artists on the Lane is one of the oldest summer art festivals held on Long Island. More than 100 local artisans display and sell a variety of handmade fine arts and crafts. This includes one of a kind paintings, sculptures, ceramics and pottery, photography, fiber art, woodworking, and artisan jewelry. The event is attended by thousands of art collectors and enthusiasts each year.

SBAA stays connected to community through charitable programs such as donating art equipment and supplies to local schools or providing scholarships to school districts and community groups along the South Shore. Recently, the group held a food drive for Lighthouse Mission.

Stay up to date with SBAA via the website and social media information below.

Feed the Community with Brookhaven Free Library, 2022

After 66 years of serving the community, we continue to welcome all artists, in all mediums, in all stages of their career and life!

Plaza Cinema & Media Arts Center

The Plaza Cinema & Media Arts Center is a not-for-profit, 501(c)(3), community-supported organization located on 20 Terry Street one block South of Main Street in the Village of Patchogue. As a single-screen cinema with 68 seats, The Plaza has the capacity to show an average of 95 different films per year. This translates to 936 screenings, eight recurring series, and 65 guest speaker events including movie star and model Isabella Rossellini. People of all ages enjoy field trips and classes in film appreciation and media literacy as well as hands-on interactive media arts classes and workshops in filmmaking and animation. In 2017 attendance was close to 17,200, which includes visitors from a 35-mile radius. The Plaza is open to the public 365 days, year-round. Depending on the day of the week, it is open from 9:30 AM - 11 PM.

Noteworthy series with guest speakers include The Cineaste (indie and foreign films), EnviroDOCS, Performing Arts in Cinema, the Animation Show of Shows, Manhattan Short, Kid Flix (from The New York International Children's Film Festival), and The Oscar Nominated Shorts. The annual outdoor screening at Isabella Rossellini's farm features restored classic silent movies accompanied with live music.

As the only Art House Cinema on the South Shore, The Plaza has a cultural, historical, and financial impact distinctly different from commercial multiplexes. People who come to see a film or take a class also eat and

shop locally. The Plaza has become a hub for intellectual enrichment, and a breeding ground for discourse and cross-pollination of ideas. Film production courses provide creative outlets for children and teens, while media literacy workshops and professional development classes for teachers create a vital synergy between education and the arts. The Plaza's existence attracts potential residents and enhances the quality of life of those who already live in the area.

The Plaza's operational model brings cultural and educational programming together under one mission-driven roof, and is fiscally supported by a combination of admission and tuition, philanthropic funding, grants, business sponsorships, and community contributions.

For up-to-date movie showtimes and everything else that The Plaza has to offer please visit www.plazamac.org. For movie showtimes you can also call the box office (631) 438-0083.

The Plaza's mission is to celebrate the power and magic of film as an art form, and as a medium for multicultural exchange and social responsibility by:

Screening quality mainstream, independent, and foreign films, and opera and theatre productions captured live from world stages. Presenting curated series and festivals with guest speakers. Offering field trips, media literacy workshops, and classes in filmmaking and animation. Contributing to the economic and cultural development of the community.

FIDELIS CARE®

The mission of Patchogue Arts Council, Inc. is to ambitiously educate, support, and elevate the arts community. This includes artists at all stages of their careers, as well as supporting the development of new works and public projects through exhibitions and innovative programming that emphasize community engagement while aiding in the revitalization and sustainability of the community. The Patchogue Arts Council, Inc. is a 501(c)(3) non-profit corporation whose programming supports the artists and arts community across all of Long Island.

Our projects extend far beyond our museum space at 20 Terry Street, Patchogue, and include satellite exhibitions in the Patchogue Theatre for the Performing Arts, local restaurants, businesses, and fellow organizations. A number of our projects take place annually bringing over 250,000 visitors to the Village of Patchogue. Collaboration with organizations, and local and regional government make large scale public projects possible and create substantial funded career enhancing opportunities for the artists of Long Island. PAC is proud to serve as a leading advocate for the arts and artists and has been recognized for its high level of dedication, facilitation, and creation of programming that has contributed to the advancement of the arts, revitalization, and local economy.

Most recently, through an extremely competitive grant from the U.S. Department of Education, PAC has launched PEACE Partners in Education, Arts, & Community Empowerment, a program that empowers educators in Suffolk County middle and high schools to make more effective use of the arts for under-represented students through College, Career, and Civic Readiness (CCCR) and Culturally Responsive-Sustaining education (CR-S), which are urgent issues in local, state, and national education.

The Museum of Contemporary Art Long Island (MoCA L.I.) is the exhibition space of the Patchogue Arts Council (PAC). By redefining PAC's exhibition space from Gallery to Museum, opportunities for the community and the artists we serve grows exponentially. PAC has always been unconventional in comparison to other arts councils. Our primary focuses are to make current and contemporary art accessible to everyone and to serve artists across Long Island. We work to create inclusiveness in all of our opportunities for Long Island's artistic communities. Through our programming, we support, promote, and encourage early, mid-career, and established artists working in all media and all walks of life.
