coverstory
BY GEORGE DICKIE

Chaske Spencer and Emily Blunt star in "The English," premiering Friday on Prime Video.

Prime Video's 'The English' a parable on race, power and love in the Old West

A woman's quest to avenge her son's death launches her into an epic adventure across a violent 1890s landscape in a Western series coming to Prime Video.

In "The English," a six episode series premiering Friday, Nov. 11, Emily Blunt ("A Quiet Place") stars as Lady Cornelia Locke, a British aristocrat who arrives in a lawless Kansas town and crosses paths with Eli Whipp (Chaske Spencer, "The Twilight Saga" film series), a Pawnee ex-Cavalry scout about to be killed by a gang of local thugs. She bargains for his life and is almost killed but through a series of events both are freed.

He has a mission of his own – to claim land as a military veteran under Abraham Lincoln's Homestead Act but soon discovers that that doesn't mean much for Native Americans. So the pair head off for Hoxem, Wyo., on a quest to find the killer of Cornelia's son but encounter much more than they anticipated.

Shot on location in Spain, the series from writer/director Hugo Blick ("The Honourable Woman," "Black Earth Rising") features lush photography and a solid cast that also includes Stephen Rea, Valerie Pachner, Rafe Spall and Thomas Trafford.

"I think revenge and identity are, at its core, the main themes," explains Blunt, who is also an executive producer. "You've got Cornelia's character, who is seeking a

blood revenge, and if she's able to carry that out then she sees a reclaiming of who she is. And you've got Eli Whipp, who's just seeking a land claim. It sounds simple, but that is his way of reclaiming his identity after leaving the U.S. Army and all the atonement of guilt he has to go through.

"But tonally, the story is told in this very intimate way that's funny, violent, but also epic. We haven't seen that for a while, something so epic and so beautiful with something that has modern intimacy to it."

Indeed, there is an intimate power in the performances of both lead actors, particularly Spencer, who brings a stillness to the role of Eli.

"It's a beast of a role," he says. "To me, I saw him as a modern-day biker, an ex-veteran. Someone who has seen war and been through tragedy. If Eli were alive today, he would be riding a Harley Davidson with a big beard and tattoos, and he probably would have met Cornelia at a truck stop.

"When I was reading through this, my imagination was going with that," he continues, "and I hope I can represent that in him, because I do see him as an ex-vet. He suffers from PTSD and loneliness, and throughout the story you see those walls start coming down – with both characters, Cornelia and Eli. That's what I wanted to bring to Eli, to make him as human as possible."

celebrity scoop
BY GEORGE DICKIE

If the old adage that clothes make the man is true, so too is it that they also help the actor make the character.

That was especially the case for Katherine McNamara, who plays 19th century Boston widow-turned-Wild West Texas transplant Abby Walker in the Thursday CW prequel "Walker Independence." She found the period dresses and undergarments she had to wear invaluable in getting her into the character's headspace. Perhaps, a little too much so.

"(Our costumer department) has taken such care to make sure everything is as historically accurate as possible," the 26-year-old actress explains. "And that comes down to us wearing corset. ... And it really does change how you move, and how you walk and how you just exist in space. And you know, we have such an amazing cast of characters that has such a diverse wardrobe. But I will say that our women's shoes in the 1870s were not made for function."

Though she's known mainly for roles in otherworldly productions such as the TV series "Shadow Hunters" and "Arrow" and the "Maze Runner" film series, the Missouri native says period pieces are her

passion. For "Walker Independence," she had to attend cowboy camp and learn how to ride horseback – solo and with others, forwards and backwards – to play a woman who finds her independent streak after watching her husband being murdered in cold blood.

"It's such an interesting opportunity to see a woman in this time period have such agency," McNamara says, "and to be able to start over on a life that is for her, and to create her own destiny, while also trying to take revenge for the death of the love of her life. And try and find some sense of justice in a world where justice is always a shade of gray."

FRESH fruits and vegetables don't have to be expensive if you buy them in season and many are in season year round. To learn more, visit www.sdharvestofthemonth.com

FROZEN fruits and vegetables are packed and frozen within hours of harvest, so they don't lose their flavor or nutritional value. Try steaming vegetables in the microwave or stovetop rather than boiling to keep in more nutrients.

CANNED fruits and vegetables often get a bad rap but they are still nutritious. Choose 100% fruit juice with no added sugar and vegetables with no salt added. Remember to drain the water, juice, or syrup and rinse with water to help remove some of the extra sugar and salt.

Movie: Our Italian Christmas Memories

MacKremer (Sarah Drew) is a teacher who lost her father who founded the town's holiday fundraising tradition, The Reindeer Games. Every year since his passing, she competes with her dad's former team. But this holiday her former high school crush, Chase Weston (Justin Bruening), is home for Christmas to visit his pregnant sister and nephew and is roped into participating in the Games.

Just what do you get for the family who has everything? Safety and romance, of course. Claire (Rachel Skarsten) is an MI5 agent who becomes the royal nanny, having to overcome a wide range of challenges on her mission as she keeps the royal family safe for Christmas.
