I also want a best friend bracelet. Also I would appreciate some candy canes. But please not peppermint or just mint. I would like skittle flavored or sweet tart flavored. Also if I could have a wish it would be, I don't argue with my parents. But that's my fault so it's me who has to change. That's all I want for Christmas.

Traditional Yorkshire Pudding

Ingredients

Original recipe yields 12 servings

Ingredient Checklist

- 4 large eggs
- 1 teaspoon kosher salt
- 1 cup all-purpose flour
- 1 cup whole milk
- ¾ cup melted beef fat

Directions

Instructions Checklist

- Step 1 Whisk eggs and salt together in a bowl until light and frothy. Whisk in flour and milk until smooth and lump-free; batter will be thin and barely coat the back of a spoon.
- Step 2 Transfer batter to a 4-cup measuring cup and chill in the refrigerator, at least 15 minutes.
- Step 3 Preheat oven to 400 degrees F (200 degrees C).
- Step 4 Fill each cup of a 12-cup nonstick muffin tin with 1 tablespoon melted beef fat; use your finger to grease the sides and tops of the cups. Place the muffin tin on a baking sheet.
- Step 5 Heat in the preheated oven on the middle rack until fat is smoking hot, 10 to 15 minutes.
- Step 6 Remove from the oven and fill each muffin cup halfway full with batter.
- Step 7 Bake pudding in the preheated oven until browned and fully puffed, about 25 minutes more. Remove from the oven and immediately poke a hole in the center of each to release steam. Serve hot, warm, or room-temperature.

Chef's Notes:

**Any high-temp oil will work, but use beef fat if at all possible.*

** If making the 6 larger ones in a popover pan, bake at 375 degrees F (190 degrees C) for 32 to 35 minutes, or until as browned and puffy as possible.*
