Coach Name: Lonni Stover
Years Coaching: 30

Strengths: We have a lot of kids that can score the basketball in a variety of ways. I think we will be a hard tem to guard if we move and share the ball.

Season Outlook: I like this team a lot. I think we have a chance to be very good if we can stay healthy and develop some of our younger/ inexperienced kids.

Team Players: Jaxson Frankenstein, Isaac Suchor Thomas Shantz, Ivan Blume, Paul Juarez, Peyton Osborn, Jerron Haider, Nolan Gall, Mitchell Mack, Cameron Schmidt,

Plans for Improvement: Working on the little things are important for our squad to be successful and get better at those things every day.

Coach Name: Tommy Gregg
Years Coaching: 14

Strengths: We will have good size with our front line with our forwards and center positions, that will be tough for other teams to guard. We also have an experienced senior class that has been a big part of success the past few years. We have some athleticism with our guards that we will try to mix and match with our size.

Season outlook: Play in a good conference and a tough non coference schedule that will hopefully have prepared for post season play come late February.

Team Players: Addison Rozell, Faith Jandel, Alison Larson, Chelsea Smith, Camryn Rohlfs, Annie Smith, Teryn Jandel, Gracie Fast, Ellie Evans, Ashlyn Clausen, Ashtin Arthurs, Bridgette Lambert, Katie

Special Information on any of your athletes:

1) Katie Dubro broke 2 school records last season scoring 35 points and making 7 3’s in one of our 2 wins last season. We will look to her to increase her scoring and leadership this season.

2) Anna Decker has really improved her confidence and will give us a second double digit scoring threat this season.

3) Jorja Huls & Harley Nelson will be our defensive force again. We will look to these two girls to guard the best players on the opposing teams. They are fast and do not have any quit in them.

Team Information:

Your Thoughts on this year’s Team:

This group of girls is poised to win more games this season. They have worked hard over the summer to improve individually. Our scoring should be improved along with having a better understanding of the offense and defense. I am confident we will win many more games this season.

What is unique about this team or something you would like to share about it with others:

This group of girls has won only 2 games in their entire high school career. They have stuck it out with many playing varsity minutes during 7th and 8th grade. They are confident and believe they are better than many people think and they plan to surprise a few teams this season. This group of girls is extremely fun to be around but they also know how to work when the time comes. It is going to be a very fun season for me and them.

GOOD LUCK
 to the
Doland Chiefs
 this winter
 sports season.
