BY CAROLINE COLLACUTT

©T Fagbenle and Elisabeth Moss  
star in "The Handmaid's Tale"

Blessed be the fruit, and heroic be the handmaids. After a three-year hiatus, the citizens of Gilead, Little America and New Bethlehem alike return for the sixth and final season of "The Handmaid's Tale," coming to Hulu with a three-episode premiere Tuesday, April 8. Episodes set to release weekly thereafter.

Created for television by Bruce Miller ("Eureka") and inspired by Margaret Atwood's 1985 novel of the same name, this dystopian tale takes place in a totalitarian society, Gilead, built in what was once the United States. Low fertility rates led to the rise of theocracy, and the creation of a system in which fertile women (called "handmaids") are assigned to powerful men and their wives, forcing them to bear children they must immediately surrender.

Eager to save her eldest daughter, Hannah (Jordana Blake, "Riot Girls," 2019), one steadfast Handmaid, Offred (Elisabeth Moss, "The Invisible Man," 2020) — later known by her real name, June — has fought tooth and nail to free herself from Gilead's oppressive constraints, despite working for the ever-powerful Cmdr. Waterford (Joseph Fiennes, "Shakespeare in Love," 1998) and his wife, Serena Joy (Yvonne Strahovski, "Teacup"), as well as Gilead architect Joseph Lawrence (Bradley Whitford, "The West Wing"), a complicated man wrestling with the reverberations of his own creation.

June's fight continued following the birth of her daughter Nichole, eventually leading both to find safety in Canada, with June's husband Luke (O-T Fagbenle, "No Good Deed") and her best friend, former Handmaid Moira (Samira Wiley, "Orange Is the New Black").

Captured alongside her husband, Serena soon followed suit, confined in Toronto until she was eventually freed and sent to live with a couple more than obsessed with her newborn child. As tensions grew on both sides of the border, however, both Serena and June found themselves on the run in Season 5's chilling finale, children in tow as they made way for the supposedly-safe Hawaii.

In her first interview following said finale, the Emmy-nominated Strahovski spoke candidly to Vanity Fair about Serena and June's journey. "Personally, I don't feel like they're going to make it very far," she says. "I can't see them making it to their destination of choice."

According to Hulu's synopsis for the upcoming season, it seems Strahovski is correct. While welcoming series newcomers like Josh Charles ("Dead Poets Society," 1989), D'Arcy Carden ("The Good Place") and Timothy Simons ("Veep"), this sixth and final season promises more trouble for series favorites Serena Joy and June, as the former dives into a campaign to reform Gilead, while the latter fights to demolish the oppressive regime.

Later, speaking with W Magazine, Strahovski shared her thoughts on the upcoming season: "It got pretty raw in past seasons, but it gets even rawer this season. I don't know how to explain it any other way. They just have some kind of a no-[nonsense] language between them, where they can really see and hear each other. They can't lie to each other very well. And that relationship is also really, really complicated, and it's been great to go even deeper into those complications."

## Goodbye to Gilead: 'The Handmaid's Tale' concludes with sixth and final season

BY JAY BOBBIN

In his latest series, Jon Hamm is playing a different kind of mad man.

Soon after his part in the first season of the Paramount+ drama "Landman," the Primetime Emmy-winning actor returns with "Your Friends and Neighbors," premiering Friday, April 11, on Apple TV+. Hamm plays a New York hedge fund manager whose life unravels after losing both his job and his marriage, prompting him to start stealing from acquaintances to maintain his lavish lifestyle. Olivia Munn ("The Newsroom") and Amanda Peet ("Togetherness") co-star, with Sandrine Holt ("House of Cards") and Corbin Bernsen ("Kiss Kiss Bang Bang," 2005) in recurring roles.

Hamm isn't just starring in "Your Friends and Neighbors," but he's also an executive producer on the series. And unlike his character, he hasn't had to worry about being out of work in some time. While he had early series runs in NBC's "Providence" during its 2000-01 season and Lifetime's "The Division" from 2002 to 2004, his career took off with his portrayal of 1960s advertising executive Don Draper in AMC's "Mad Men" from 2007 to 2015. He was also a producer of the latter show in the last three of its seven seasons.

Even during the run of "Mad Men," Hamm proved himself a prolific TV presence, securing roles on NBC's "30 Rock," Adult Swim's "Childrens Hospital" and Ovation's "A Young Doctor's Notebook" during that period. He also got movie opportunities that typically come with TV success, making for a very active career. With a second season of "Landman" already greenlit and a lead voice role in next year's Disney-Pixar feature "Hoppers," Hamm — who also hosts NBC's "Saturday Night Live" on Saturday, April 12 — is destined to remain listed on call sheets for some time to come.

For now, Hamm and viewers alike will find out just how far being sneaky around "Your Friends and Neighbors" can go.
