To the Class of 2025 . . .

Graduating is an exciting — and stressful — time. You're moving on to a completely new chapter in your life! And for the class of 2025, that's a big deal.

After all, this cohort spent years navigat-

ing a global pandemic, riding the waves of uncertainty in lockdown and euphoria when restrictions lifted. They've had to deal with distance learning, remote internships, canceled study abroad plans and the seemingly endless stream of video calls, not to

mention an uncertain economic outlook and job market.

Class of 2025, you've survived a lot. Now it's time to dive into adulthood, which is terrifying, thrilling, frustrating and fun in equal measure.

Words of Wisdom from Dr. Seuss . . .

**"Things are never
quite as scary when
you've got a best
friend."**

**"You're off to great places!
Today is your day! Your
mountain is waiting, So
get on your way!"**

**"Congratulations!
Today is your day!"**

**"You have to be odd to
be Number One."**

**"Don't cry because it's
over, smile
because it happened."**

**"You'll be on your
way up! You'll be
seeing great sights!
You'll join the high
fliers who soar to
high heights."**

Congratulations to the Class of 2025
