Brokerage Relationship Disclosure: The real estate agencies and their agents are normally representing the sellers on the properties which they have listed. It is however very common for sellers to allow their agent to accept the role of an intermediary or "transaction broker" when working with buyers who deal directly with the agency. The agent you choose to work with will explain the relationship and the capacity that they are involved in and will have you acknowledge all such relationships by signing a Brokerage Disclosure Agreement. At the agencies represented in this magazine, agents can also represent buyers who wish us to represent them in properties that are not listed or that happen to be listed by another firm. It is our duty and promise to keep you informed. DISCLAIMER: Every effort is made to ensure that all the information in this magazine and real estate guide is accurate; however, mistakes do happen! The Sublette County Magazine: Business & Real Estate Guide and/or their employees, and subcontractors are not liable for any errors or omissions contained herein. Please check all information with your real estate agent. Any opinions, articles or advertisements herein do not represent the opinion or any kind of endorsement by any agency represented and/or it employees and subcontractors. All real estate listing data should be verified and is deemed reliable but not guaranteed. All square footage and acreages listed are approximate and prices are subject to change without notice.

From the Editor's Desk

Welcome to the very heart of America's Wild West! Situated between the Wind River Range to the east, Wyoming Range to the west and Gros Ventre Range to the north, Sublette County boasts more than 1,300 alpine lakes, hundreds of miles of rivers and mountainous peaks reaching 13,804 feet in elevation. Eighty percent of Sublette County's nearly 3.2 million acres are designated public land meant for public use and recreation. The vast and diverse landscapes make Sublette County a preferred destination for snowmobilers, skiers, nature photographers, anglers, hunters, hikers, backpackers, cyclists, rockhounds and equestrians.

During your visit, make sure to stop by the Museum of the Mountain Man, 700 E. Hennick St. in Pinedale, and the Green River Valley Museum, 206 N. Front St. in Big Piney, to learn more about the history of the indigenous peoples, pioneers, mountain men, homesteaders, fur trappers, ranchers and others who shaped the Sublette County communities that we know and love today.

There are numerous local businesses that rent and sell outdoor equipment like skis, fat-tire bikes and kayaks, along with art galleries and locally owned restaurants for every palate. Area lodges, ranches and outfitters offer guided horseback riding, hunting, hiking, boating and fishing experiences. You'll find many of their ads and information within the pages of this magazine.

Stop by the Sublette County Chamber of Commerce and the Sublette County Visitor Center, 19 E. Pine St. in Pinedale, and 101 N. Front St. in Big Piney, for more local resources and information about area businesses, organizations and events.

The Sublette County Visitor Center welcomes you

Greetings and welcome to Sublette County, Wyoming, where the legendary Wind River and Wyoming mountain ranges serve as our playgrounds. Sublette County is a special place with caring communities that are host to year-round fun and festivities for folks of all ages and outdoor experience levels.

During the winter, enjoy downhill and cross-country skiing, snowshoeing, skijoring with your dogs and fat-tire biking on pristinely groomed trails. Ice fishing and ice skating are popular activities given Sublette County's many lakes, known to flash freeze with crystal clear ice. With its exciting terrain and trail systems, Sublette County is one of North America's premier backcountry snowmobiling destinations. Enjoy the Pedigree Stage Stop sled dog race, push yourself to your limits during The Drift 100-mile Ultra-Marathon in the Wind River Mountains and compete for cash prizes at the ice-fishing derbies or test your skills at skijoring during the Pinedale Winter Carnival. Check out the county calendar of events on the page 7.

Regardless of when you come to visit, Sublette County's community events are sure to keep the entire family entertained.

Summer recreational opportunities include hiking, mountain biking, rock climbing, bouldering, rockhounding, wildflower gazing, horseback riding, fishing, shed hunting, camping and riding ATVs. Warm weather events include Green River Rendezvous Days, Chuckwagon Days, Sublette Rock Hounds Gem and Mineral Show, the Sublette County Fair, various rodeos and so much more.

While you're here, make sure to visit both the Mountain Man Museum in Pinedale as well as the Green River Valley Museum in Big Piney to view the vast history of the west and the amazing settlers who built this historical place.

The Sublette County Visitor Center is located in Pinedale. Please stop by and visit with our amazing staff. Also, look for a new Visitor Center in Big Piney coming soon.

Thank you,

Peter F. Paulin

Greetings from the Sublette County Chamber of Commerce

Sublette County is a beautiful place to live and work, with new business opportunities opening up every day!

The Sublette County Chamber of Commerce is adding new members monthly, with many more on the horizon. From regular social media advertising to participation in many local community events and spotlighting our community's businesses, it is easy to see why Sublette County has such a vibrant business community. The Chamber provides each member with a platform to grow their business and opportunities to "showcase" their business and join the community to socialize, work hard, have fun and share information.

The Sublette County Chamber of Commerce strives to help create and foster a sustainable business climate at the local level. There are many different advantages to being a member, ranging from educational opportunities and casual networking to internships for local students and classes about business development. The organization offers modern advertising through its website and social media and many opportunities through the newsletter, magazine listings and more. We hope you consider joining and supporting your local chamber, businesses and community in general.

Being a chamber member is not a one-size-fits-all deal; it looks different for every member. Join us to stay up to date with our monthly newsletters, or follow us on social media! We hope to hear from you soon!

"There is immense power when a group of people with similar interests gets together to work toward the same goals."

— Idown Koyenikan

Be the change you want to see in your future!

Sincerely,

Kaddy Fyfe-Shivers

Sled Dog Teams Take on Pedigree Stage Stop

Sublette County is home to stages three and four of the Pedigree Stage Stop, during which sled dog teams and their mushers race over hundreds of miles of public lands of the Wyoming and Idaho's Bridger-Teton, Shoshone and Caribou-Targhee national forests, competing for a purse of $165,000 and the prestigious title of "Stage Stop Champion."

Meet the mushers and ask questions in both Pinedale and Big Piney. Watch the teams take off oversnow during Stage 3 which starts at the Upper Green River trailhead at the end of Highway 352 in the Kendall Valley. Stage 4 starts at the Middle Piney Parking Lot, off of Sublette County Road 350, 20 miles from town.

The Pedigree Stage Stop began in 1996 and is the largest sled dog race in the lower 48 states. Mushers can run up to 10 dogs per day of their pool of 14, although some mushers will run lighter with teams of eight dogs. A dog is not required to run all seven stages and can sit one out. Mushers put a lot of thought and strategy into which dogs they rest on which days as they prepare to tackle the various obstacles found across eight different mountain ranges and seven Wyoming communities before crossing the finish line in Driggs, Idaho. In some areas, dogs and their mushers will tackle 10 percent grade hills for miles at a time through deep snow.

Bondurant resident Alix Crittenden is a regular competitor in the annual sled dog race, taking second place with a time of 16:02:27 in 2023 but mushers and their teams come from all across the country and the world to compete. In 2024, racers hailed from Burg, Germany; France; The Pas, Manitoba, Canada; St.-Zenon, Quebec, Canada; St-Paul-de-Joliette, Quebec, Canada; Caliento, Manitoba, Canada; Loon Lake, Saskatchewan, Canada; Montana, Minnesota, Michigan, Colorado, Wisconsin and Wyoming. Fans and spectators also come from all over to watch the mushers drive their dog teams over some of the world's most beautiful landscapes.

For more information or to apply, visit www.wyomingstagestop.org.

Junior mushers

Have a budding musher? The Junior Musher Program selects students ages 9 to 13 from the participating Stage Stop Race communities of Pinedale, Big Piney, Marbleton, Alpine, Jackson, Lander, Kemmerer and Driggs, Idaho. Those interested should apply online at www.wyomingstagestop.org/jr-stage-stop.

Cool your cabin fever at Pinedale's Winter Carnival

Main Street Pinedale's biggest fundraiser of the year turns frightful weather into a delightful celebration of snow. The 2024 Pinedale Winter Carnival, held Feb. 9-11, is a family-friendly event that dates back to the 1950s and features skijoring, SnoCross races, a snow sculpture contest and the Cardboard Classic downhill sledding competition, followed by the Snow Ball for adults.

Main Street Pinedale, a nonprofit organization, took over the winter carnival in 2016 and the event now provides an economic boost to the community and local businesses. Money raised at the two-day carnival is used to fund economic development and operate the farmer's market, downtown beautification, business façade grants and historic preservation.

More than 120 teams registered to skijor in the 2023 Pinedale Winter Carnival, with folks traveling from all over Wyoming and the Mountain West to compete at the Pinedale Rodeo Grounds. During the timed, Skijor USA-sanctioned event, a skier is pulled by a horse and rider over a 700-foot-long course, navigating ramps and moguls and collecting rings to avoid penalties.

As part of the snow sculpture contest, teams use hand tools such as trowels, saws, buckets and picks to manipulate 4' x 4' x 8' blocks of hardpacked snow into works of art. The final works are then judged through a public poll and the winner is announced at Saturday's skijoring event.

The Cardboard Classic starts Saturday at the Burzlander Sledding Hill at the bottom of Fremont Lake Road and features contraptions of all sizes and complexities in three categories of competition: Junior, age 12 and under, Teen/Adult, age 13 and up, and Family, plus Most Creative Craft. Sleds used by competitors in this event must be constructed solely of cardboard, duct tape, glue and paint. All other materials are prohibited. Participants are encouraged to dress in costumes to complement the themes of their cardboard crafts.

The Wind River Brew Pub hosts the Snow Ball, with live music, performances, dancing and delicious food beginning at 7 p.m.

The Kids' 120CC and 200CC SnoCross snowmobile races follow Sunday's skijoring. The event continues to grow in popularity amongst area youth. Tiny tots navigate child-sized snowmobiles over a makeshift course with age-appropriate ramps at the Pinedale Rodeo Grounds.

A complete schedule of events, registration forms, rules, information about horse boarding for skijoring, vendor forms and additional information about our favorite winter weekend can be found at www.mainstreetpinedale.com/winter-carnival.

PINEDALE PROPERTIES INC REAL ESTATE TEAM

Camden Bennett grew up in Pinedale and graduated from Pinedale High School in 1998. He spent much of the next 20 years serving in the US Navy as a Navy Diver and Intelligence Officer. He met his wife, Lorraine, when they were both serving onboard a ship home-ported in Italy. Along the way, Camden also became an avid photographer and earned a BA in English and Anthropology from Weber State University. Although he spent four years in Italy, traveled widely, and lived in many locations throughout the US, he's always felt that Pinedale was home.

For Camden, becoming a real estate agent at Pinedale Properties was the perfect way to serve people and invest in his community. Camden enjoys spending free time with his wife and kids, and engaging in all the outdoor activities Sublette County has to offer.

Learn more about Camden at his site www.livewyoming.net.

Camden Bennett, Responsible Broker | Cell: 801-910-6528 | Email: camden@livewyoming.net

I am a 5th generation Wyoming native, and have lived here most of my life. I left Pinedale to attend college and play football at the University of Sioux Falls in Sioux Falls, South Dakota. It was there that I met and married my wife, Angela. Shortly after graduation we moved to Pinedale so I could begin my real estate career. After all, you can take the boy out of Wyoming, but you can't take the Wyoming out of the boy! We now have two daughters, Lexie and Candice. Life in Pinedale has been good to us.

I have a favorite past time that some may call an obsession but I call therapy: fly fishing. I have fished nearly all of the local rivers and tributaries in the Pinedale area and many others around the state. In pursuing my passion, I believe it's important to be involved in organizations that directly impact where we live.

I served as the President of the Upper Green River Valley Trout Unlimited Chapter 469 for ten years, and then as the Rural Health Care Foundation's President for three years.

In August of 2014, my wife, Angela, was diagnosed with breast cancer. After twenty one months of treatments (and a lot of hotel stays, travel, and meals between Pinedale and Salt Lake City) I realized the financial toll it took on my family. It was then I approached Kickin' Cancer, a non profit in Sublette County that helps people with these expenses, specifically the unforeseen costs of travel that insurance doesn't pay. I wanted to be involved and help, so I took an idea I had of a fishing tournament on local waters that could be a fundraiser to help raise money for their cause. In 2017, Fishing For The Fight was born! In its first five years we raised over $700,000. We are now our own 501 c(3) and also able to provide significant funding to Kickin' Cancer as well as people with chronic illness and people with special needs. Excluding my family, it has been the single greatest achievement of my life! Please visit www.fishingforthefight.com for more information.

Because I love where I live and what I do, I bring a strong work ethic and enthusiastic approach to real estate. I get to share with others the beauty of Sublette County. My main focus within the office is investment properties. I love the challenge of figuring out how to make a real estate investment profitable for people. I enjoy serving the local community and those new to the area through my work at Pinedale Properties, Inc.

Chauncey Goodrich, Associate Broker/Owner | Cell: 307-231-1862 | Email: like2fishinc@gmail.com

I am a 5th generation Sublette County native with roots deep in the ranching communities in both the Big Piney and Pinedale areas. I grew up in Pinedale, graduating from Pinedale High School and then went on to attend college at the University of Wyoming. I married my high school sweetheart Alex, a Big Piney native, in 2015. We then welcomed our daughter Reese in 2019. We are so proud to raise our kids in this community, there truly is no place better to have a family. I grew up watching my mom sell real estate with Pinedale Properties and knew early on that I wanted to be an agent as well. When my daughter turned 1 I got my license and haven't looked back. It is a dream come true to help others buy and sell real estate in this state. Seeing a new client fall in love with the area is such a rewarding experience for me. When I'm not working you can find me with my family, riding my horses, rock hunting, and cruising around the mountains.

Sara Truluck, Sales Associate | Cell: 307.231.4089 | Email: realtorsaratruluck@gmail.com

I was born and raised in Montana. Upon graduation, I headed south to college at Ouachita Baptist University in Arkadelphia, AR. The south was fun but it wasn't home. Having spent 4 years in the heat - I relocated to Anchorage, Alaska. Alaska was full of mountain-filled adventures and eventually a wedding. In 2015 I earned the title "Dad" and moved back to Wyoming to be close to family. Pinedale has a perfect mix of the western feel of Montana and the wilderness of Alaska that immediately made me feel at home. I have spent time as a counselor, social worker, teacher, and Director of the Chamber of Commerce throughout my career prior to real estate. Helping people achieve their goals and maximize their potential has always been a passion! I currently volunteer with the Sublette County Volunteer Fire Department, a race director of the Surly Pika Adventure Race, and director of The Drift 100 ultra-marathon that takes place each March. Community involvement is also very important to me.

PINEDALE PROPERTIES INC REAL ESTATE TEAM

Jen personally handles residential and investment property sales, land/development sales, plus recommending remodeling projects for clients when it is needed to prepare a property for the market. Jen and her husband have been residential and commercial painting contractors for over 23 years so refinishing residential properties is second nature.

She loves to work with both buyers and sellers and chooses to work with only a few at a time, giving the best possible customer service. She excels at matching a property with each client's needs. Jen promises the same commitment to excellence to all her clients, no matter how large or small the transaction. Her integrity, patience, meticulous attention to detail, and energetic personality will help you market your home effectively and help you choose the right home for you & your family. Hopefully, you will become friends with Jen. She gets very involved with her clients and many have become good friends today.

Jen went to high school in Cheyenne, then graduated from the University of Wyoming with a degree in Business Administration. For fun, she loves to read, travel, and spend time with her husband, Ben, and two stepchildren. She also enjoys hiking, mountain biking, and yoga in the Winds. She has been very active as a board member in a local charity called Happy Endings Animal Rescue, which benefits homeless and neglected animals in Sublette County.

She loves real estate. Every day she looks forward to the experiences of real estate and each new client. Her goal is to render the level of service she would expect when buying or selling a home.

Jen Davis, Sales Associate | Cell: 307.749.8067 | Email: jenndavis.realtor1@gmail.com

I have had the pleasure of calling Pinedale and Sublette County my home since 2013. I love it here and couldn't think of living anywhere else, I am truly blessed to live in such a wonderful area. Originally from Tennessee, I found my way to Wyoming and decided to call it home. I have one daughter, Addison, who is my pride and joy. Coming from Laramie we are a Cowboy family. Go Pokes! When the opportunity to move to Pinedale came about, we jumped at the chance. In my first five years working as the Finance Manager for the local auto dealership I was able to meet so many wonderful people. The relationships I have built with my clients inspired me to join the team here at Pinedale Properties. I am excited to be able to continue that same great service in Real Estate. My passion and dedication to my clients are my number one priority.

When I'm not in the office you can usually find me out golfing, boating, hiking, or skiing. The outdoor opportunities are endless here. If you are looking for that dream property I want to help you find it. Let's get out and explore Sublette County to find that perfect home or property for you.

Blake Coble, Sales Associate | Cell: 307-343-0413 | Email: BlakeCoble@wyoming.com

I am a fourth generation life-time resident of Sublette County and, while I've done my fair share of adventuring elsewhere, I've never been able to truly call anywhere else home. Growing up I was an avid ski racer and spent much of my time traveling all over the western United States with my family to compete in downhill races and train in the off-season. After graduating from Pinedale High School in 2017 I attended the University of Wyoming to study accounting and begin my search for a career that I could pursue with passion. In 2022 I was able to find that passion in real estate. Now, in my free time I love to hike, ski, mountain bike, and kayak along with my family and our four crazy dogs. I enjoy serving our beautiful Sublette County community in the real estate industry and look forward to what the future holds here on the Pinedale Properties team!

Isie Mcloughlin, Sales Associate | Cell: 307.360.8219 | imcloughlinrealestate@gmail.com

I love Sublette County and its people, and pride myself in integrity and wholesome relationships. I've bought land, built a couple homes, bought a couple homes, and own a couple of rentals so it excites me to have an opportunity to use my knowledge & experience to bring that same joy to other folks in pursuing their dream home, ranch property, or commercial investment. I am also very excited and creative to help those who would like to market and get top dollar for their property. No this wasn't written by ChatGPT !

Background: I grew up on our family's fourth generation ranch north of Pinedale where we operated a guest ranch, outfitting operation, and raised & maintained 80 head of horses and 300 cattle. After graduating high school, I went on to the University of Wyoming where I received my bachelor's degree in Business Administration. I returned to the ranch where I managed operations for nearly a decade. I took a hiatus and worked 11 years in the trades of excavation, home building, and cabinetry. In 2012, I pursued work in the gas field where better opportunities presented themselves and also started a handyman business to help folks in the area. In June of 2022 I left my second career in the gas fields to dedicate my full time and attention to real estate.

My wife Barbara, and I are blessed with four kids (Bailey, Matthew, Garrett, & Adam), all of whom are making a living for themselves and contributing to society. I enjoy most all sports, but when free time presents itself I'm usually on horseback, playing golf, working out, or snowmobiling.

Skijoring: Bringing cowboys, skiers and snowboarders together

Some things just make sense, like blending snow and equestrian sports in rural Wyoming. While rodeos bring cowboys together in the summer, winter weather means teaming up with skiers and snowboarders for the adrenaline-fueled sport of skijoring. A horse-and-rider team pulls a skier, or snowboarder, on a tow rope over a snow-packed course consisting of ramps, moguls and other obstacles in a matter of seconds. A typical race is run in under 30 seconds, with some of the fastest competitors completing a 700-foot-long course in 18 seconds.

Pinedale Winter Carnival

More than 120 teams competed in the 2023 Pinedale Winter Carnival's skijoring, with folks traveling from all over Wyoming and the Mountain West to compete at the Pinedale Rodeo Grounds. The 2024 Pinedale Winter Carnival is planned from Feb. 9-11, with skijoring beginning at 9 a.m. on Saturday and Sunday. A variety of divisions throughout the weekend provide opportunities for folks with and without experience to try skijoring and compete for cash. For more information, contact Main Street Pinedale at 307-360-6246 or visit mainstreetpinedale.com/skijoring.

Little Jennie Ranch

The Little Jennie Skijor Race takes place right before the calving season on a working cattle ranch in Bondurant. At the foot of the Gros Ventre mountains, the family-operated ranch also provides authentic western experiences for visitors such as sleigh rides, snowmobile tours, horseback riding, pack trips, hunting trips and more. The 2023 Skijor at the Little Jennie Ranch drew nearly 1,000 people together, including 120 teams from Wyoming, Idaho, Montana, Colorado, Nebraska, Oregon and California.

The Little Jennie will once again host the skijor season finals in 2024, with races planned for March 16-17.

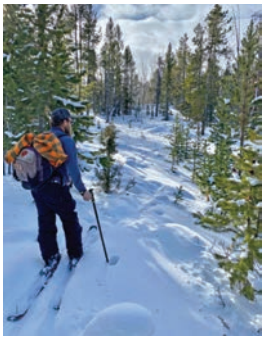

For more information, contact the Little Jennie Ranch at 307-733-1044 or visit thelittlejennieranch.com.

Ski Sublette County's winter wonderlands

Seemingly endless acres of public lands coupled with miles of pristinely groomed trails and an in-town ski resort make Sublette County a ski bum's paradise once the snow falls.

Several trails north of Pinedale in the Wind River Range, some designed specifically for Nordic skiing, have hosted championship races. Or dive off the trail and make your own path through the powder. Whether you're leisurely sightseeing or getting your workout in, the following trails will help you carve out your own adventure while seeing Sublette County's winter wonderlands.

Kelly Park Loop

Located about 7 miles from Pinedale on Skyline Drive, this highly popular trail system involves open terrain and groomed trails. The well-maintained trails stretch for miles around Fortification Mountain. Skiers can also go uphill towards Old Road Trail and the upper system for a full day of fun.

Rendezvous Meadows Golf Course

Looking for an easy course for beginners? Pinedale's golf course, Rendezvous Meadows, doubles as a cross-country ski course during the winter months. The terrain isn't as challenging as what you'll find in higher-elevation areas, making this in-town location a perfect spot for those curious to try Nordic skiing. The golf course is on the southern outskirts of Pinedale so you can spend an hour or two on skis with plenty of daylight left for other activities.

Continental Divide Trail

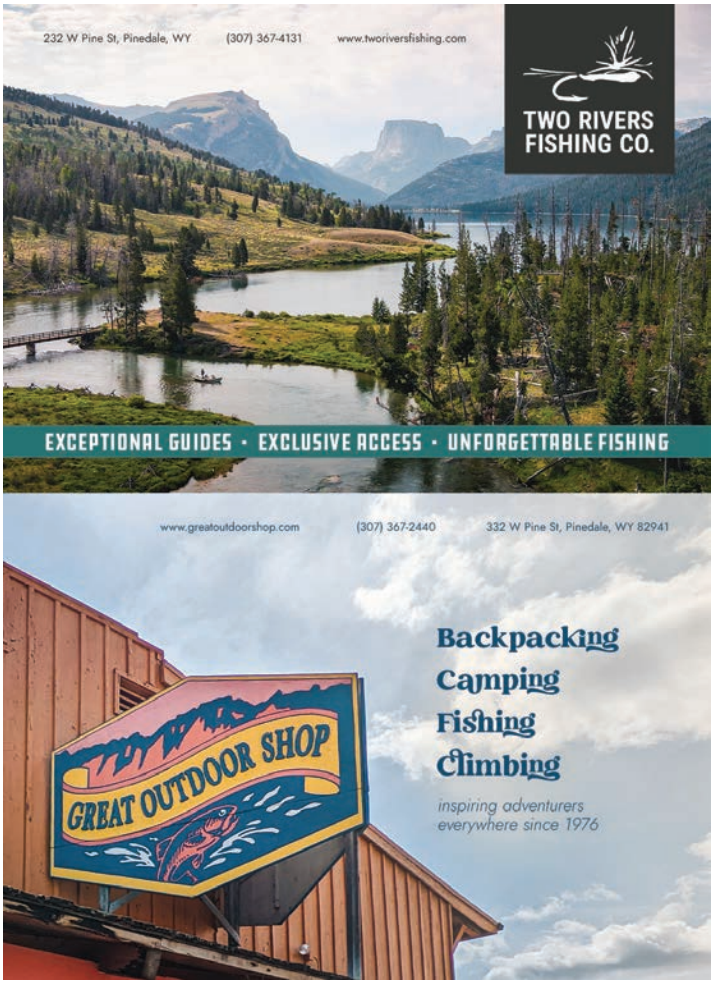

This expansive trail stretches from Canada to Mexico, with 550 miles winding through Wyoming. Pinedale is Wyoming's first Continental Divide Gateway Community. To ski the CDT in Sublette County, head to the Green River Lakes Trailhead past Cora and Kendall Valley. It's tucked away and surrounded by breathtaking scenery, making for one of the most beautiful backcountry ski trips. Come prepared with a plan, compass and maps if you're unfamiliar with the area.

Middle Piney Entrance Winter Trailhead

This is an open area that local snowmobilers enjoy but is also a great spot for cross-country skiing. Take Highway 350 out of Big Piney for about 20 miles as the road develops into Middle Piney Road. The trailhead is located just beyond the forest boundary inside the Bridger-Teton National Forest. This is a great spot to maneuver around the Wyoming Range and enjoy the wonders of southern Sublette County. Some challenging gains in elevation provide rewarding vistas.

Snyder Guard Station

A year-round station that is great for cross-country skiing or snowshoeing on a 10-mile trail in the winter. This spot has to be reserved and a key is needed from the Big Piney District Office to pass through the gate. One-of-a-kind views of both landscape and wildlife are featured along this route. The station is at the base of Darby Mountain, 22 miles west of Big Piney. Take Highway 350 out of Big Piney 10 miles and then turn left onto South Piney Fish Creek Road. Follow that for 10 miles into the Bridger-Teton National Forest. Follow FS-10128 for about 2 miles and veer left at the fork to stay on that road. More than a 1/2-mile later you'll veer left at the second fork to stay on FS-10128, then take a right at the third fork onto FS-10128A. The station is just down on the right.

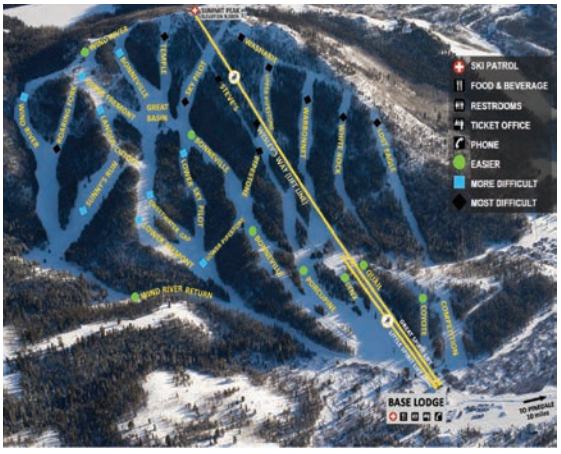

Winter at White Pine

Located just 10 miles north of Pinedale and nestled in the Wind River Range, White Pine Ski and Summer Resort is one of the oldest ski areas in Wyoming. Winters at White Pine are filled with excitement, adrenaline and opportunity. There's nothing quite like riding a ski lift through the Bridger-Teton National Forest at White Pine. The ski area has 29 runs for downhill skiing and snowboarding, adjacent to 35 kilometers of looping Nordic ski trails for all skill levels. Two lifts take you to groomed downhill runs with a third lift servicing a tubing hill.

Rent ski and snowboard packages, book lessons or schedule tubing time for family-friendly fun. Downhill alpine skis, snowboards, boots, helmets, poles, edge wedges and training harnesses are all available for rent out of the ski shop. Purchase thermal base layers, beanies, mittens, gloves, goggles, jackets and more from the White Pine retail shop or the Great Outdoor Shop in Pinedale.

White Pine's affordable lift tickets, season passes, nearby parking and no-line lifts will help make sure you, your friends and your family spend the day making memories.

White Pine offers eight beginner trails, nine intermediate trails and 12 advanced trails. Weather permitting, it will stay open into April.

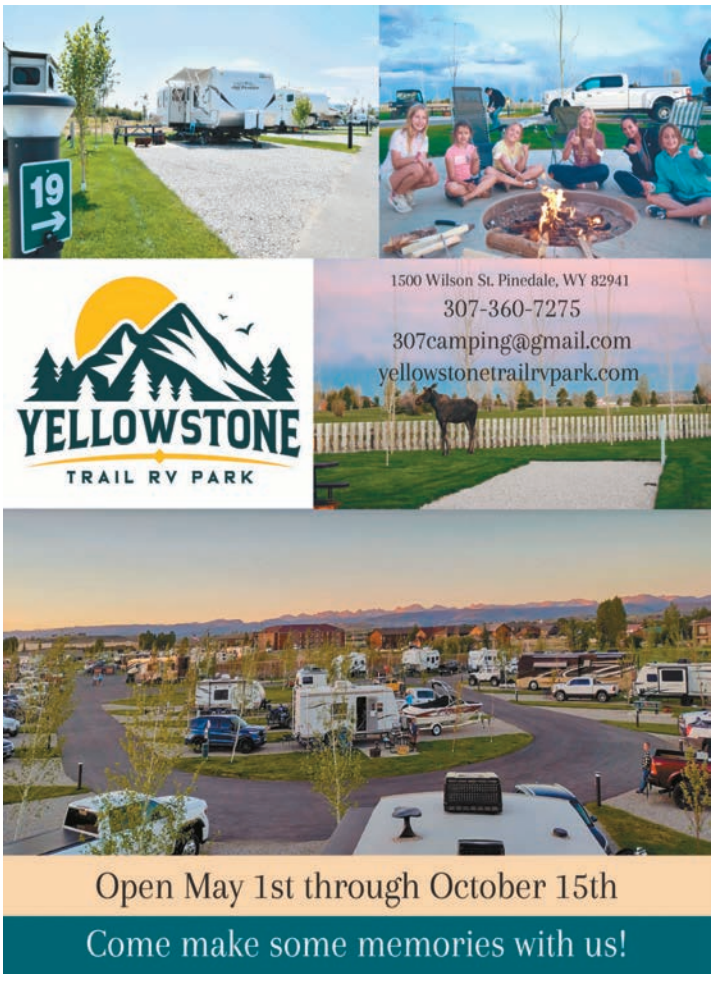

The resort is also home to Pinedale High School's Wrangler Ski Team and hosts its annual alpine invitational each year in February.

Locals celebrate the New Year with the annual Torchlight Procession at White Pine, donning all sorts of lights and shredding the hill at night on Dec. 31.

White Pine's Ladies' Ski Club is a great place to make new friends and the Junior Snowsports Club introduces kids to winter sports while they're still young.

Now with a growing list of summer activities like horseback riding and luxury cabins, the area is sought for more than just fresh powder. It's become a popular destination for weddings, corporate retreats and family reunions.

White Pine offers lodging, a full campground, catering, planning and hosting of most types of events. Call 307-367-6606 or email info@whitepineski.com.

Greetings from the Sublette County Chamber

Sublette County is a beautiful place to live and work, with new business opportunities opening up every day!

The Sublette County Chamber of Commerce is adding new members monthly, with many more on the horizon. From regular social media advertising to participation in many local community events and spotlighting our community's businesses, it is easy to see why Sublette County has such a vibrant business community. The Chamber provides each member with a platform to grow their business and opportunities to "showcase" their business and join the community to socialize, work hard, have fun and share information.

The Sublette County Chamber of Commerce strives to help create and foster a sustainable business climate at the local level. There are many different advantages to being a member, ranging from educational opportunities and casual networking to internships for local students and classes about business development. The organization offers modern advertising through its website and social media and many opportunities through the newsletter, magazine listings and more. We hope you consider joining and supporting your local chamber, businesses and community in general.

Being a chamber member is not a one-size-fits-all deal; it looks different for every member. Join us to stay up to date with our monthly newsletters, or follow us on social media! We hope to hear from you soon!

"There is immense power when a group of people with similar interests gets together to work toward the same goals." — Idown Koyenikan

Be the change you want to see in your future!

Sincerely,

Kaddy Fyfe-Shivers, Sublette County Chamber of Commerce, executive director

Why become a Member of the Sublette County Chamber of Commerce?

Our mission is to foster a vibrant business climate in Sublette County. We offer our members professional development opportunities in addition to monthly networking events like our Chamber Mixers and Chance Meetings.

1. Help to build the county through economic development.
2. Marketing & Networking Events
3. Professional Development Opportunities & Business Training
4. Membership plaque and Ribbon cutting (for new businesses)
5. Listing and business description in membership directory
6. Social media promotion of business events/activities
7. Access to post employment opportunities
8. Opportunity to post Chamber Member promotions/savings.
9. Inclusion of business literature in racks at Visitors Center/ Chamber and events
10. Business trainings and workshops open to all employees
11. Opportunity to host networking events such as Chamber Mixers
12. Opportunity to participate in Chamber committees
13. Promotional information included in relocation packets
14. Bi-monthly newsletters and email notices on legislative updates
15. Business advocacy and referrals

Sublette County CHAMBER of COMMERCE

Fat-tire fun: From dunes to drifts

For nearly half the year, fat-tire bike enthusiasts can enjoy running their wheels through quality powder. It's a winter pastime with growing popularity that has earned Sublette County the title of "Fat Tire Capital of Wyoming." Most of the designated fat-bike trails are located in the northern part of the county but that doesn't mean you can't carve some south county snow on wheels. Ride your fat bike on mountain bike courses in the winter where they're open.

As their names imply, fat-tire bikes sport tires about 5 inches wide with low air pressure, providing the rider with more stability and shock absorption and making it easier to cruise over the snow.

Sublette County has more than 20 miles of shared-use trails that are groomed and maintained in the winter.

If you're looking for elevation gain, try the 2,300-foot climb from Skyline Drive north of Pinedale to the Elkhart Park Trailhead. Enjoy stunning views of the Wind River Range, Wyoming Range, Half Moon and Fremont lakes on this 16-mile ride. These lakes are especially beautiful in the winter when they freeze over.

The 3-mile-long Pinedale Bike Path, beginning next to the Pinedale Cemetery on Fremont Lake Road, is plowed in the winter for more traditional bike riding in town.

White Pine/Kelly Park, CCC Ponds Trail

Located just outside of Pinedale, this groomed, shared trail system includes 15 miles of pedaling bliss. There's also a single-track fat-bike trail among the White Pine/Kelly Park trail system. This is a great spot to enjoy the Wind River Range in all its glory. And there's plenty of good snow there by mid-November and into the spring.

Upper Hoback Rec Trails

Located at the Jackson Fork Ranch in Bondurant, these trails were used for the 2021 Borealis Fat Tire Bike World Championships. Smooth trails with little fluctuations in elevation allow riders to fully soak in the pristine views that surround these trails. If you're driving on Highway 191 towards Jackson, take a left onto the gravel Upper Hoback Road just as you spot the Bondurant Post Office and Branding Iron Café. Follow that gravel road as it winds for a few miles and the parking lot will appear to your left.

Bloomfield Lot

This is an open area behind the Hampton Inn on the western outskirts of Pinedale. The more seasoned, adventurous bikers won't find much adrenaline in conquering this lot. It's a good course for beginners.

Upper Green River Drift Trail

A starting point nestled in the Bridger-Teton National Forest that leads to you through the majestic Wyoming backcountry while you pedal for up to 100 miles. How's that for adventure? The annual endurance race, The Drift, starts at this trailhead, welcoming bikers from across the country for this test of human spirit. If someone wanted to replicate the race route, they'd cross the Continental Divide five times while exploring through the Wind River Mountain Range. There are, of course, shorter courses to bike. Drive Highway 191 and turn onto Highway 352 towards Cora until the road ends 35 miles away at the Upper Green River trailhead.

Cyclists, cross-country skiers and runners from across the county, state and region flock to Pinedale for The Drift, a winter ultra marathon with 13-, 28- and 100-mile courses over snow.

Check out the following page for more information about these epic snow marathons.

Rentals

Looking for bike rentals, trail maps, recommendations and equipment? Visit Geared Up at 432 W. Pine St. or the Great Outdoor Shop at 332 W. Pine St., both in Pinedale.

For more information about fat-tire biking and trails in Sublette County or to donate, visit sublettetrails.org.

Test your limits during 'The Drift'

The hardiest athletes from across the United States and Mexico gathered in frigid temperatures at the Green River Lakes Road parking lot near Cora early on Friday, March 10, 2023. A winter weather advisory for the area was issued that morning as a dozen skiers, fat bikers and runners prepared to push themselves to the limit at the fourth annual The Drift 100 Winter Ultra Marathon. The extreme conditions are all part of the allure and so is the timing; racers must complete the 101-mile snow-covered course by 10 a.m. on Sunday.

For a chance at successful completion, participants must be prepared to navigate the wilderness in often frigid temperatures and contend with snowfall, darkness and their own perceived mental limitations. There is no cell phone service, no drop bags and no pacers. Beyond a few first aid stations manned by volunteers, athletes are on their own as they tackle 9,000 feet of elevation gain winding along the Green River, up to Union Pass, looping around the Forest Service roads between Union Pass and Dubois, returning to Union Pass Road and concluding at the Kendall Valley Lodge.

Most racers push through the night, only resting briefly in bivouacs to cross the finish line and earn bragging rights.

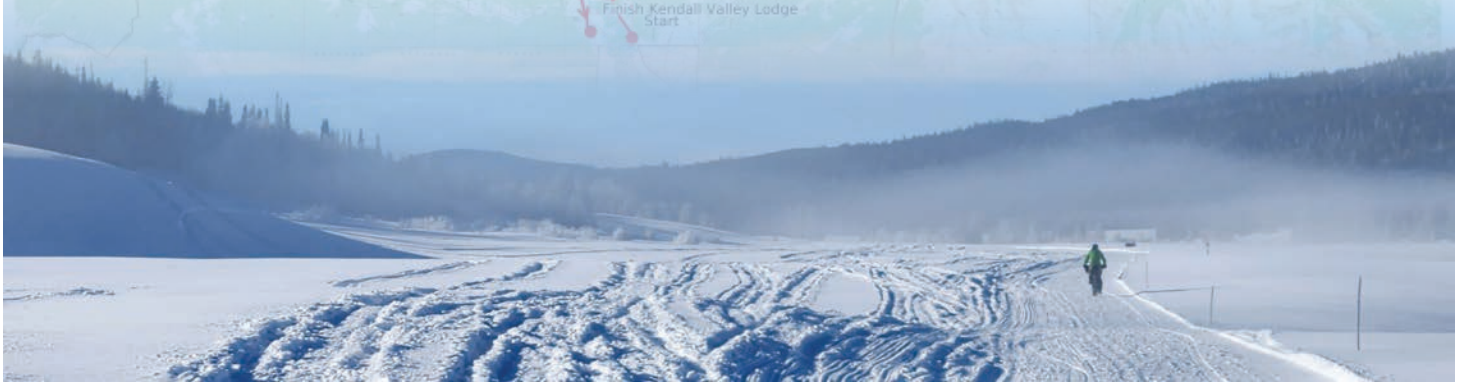

Extreme winter weather conditions made the fourth annual Drift 100 particularly challenging, said race director Keri Hull. The frontrunners in the men's fat-bike division typically finish the course in 18 hours. Last year the first-place finisher took more than 31 hours to complete the race.

"We had everything from snow, strong winds, white-outs, freezing temperatures and clear skies," Hull said. "Conditions were tough; the most challenging to date."

The Drift 28 and The Drift 13 races are good options for athletes not quite ready to tackle an ultra marathon. The Drift 28 follows the Green River Lakes Road and Moose-Gypsum Road loop. The Drift 13 is an up-and-back race along Green River Lakes Road.

Vist thedrift100.com for information.

Sublette County: The gold standard in snowmobiling

With more than 300 miles of groomed trails, endless high mountain access, and an average snowfall of more than 16 feet annually, Sublette County is the gold standard in Rocky Mountain snowmobiling. Those same trails provide fun for all-terrain vehicles in the summer months.

Offering direct access to the Continental Divide Snowmobile Trail, the iconic Wyoming, Wind River and Gros Ventre mountain ranges, and the Bridger-Teton National Forrest, Sublette County is the gateway to deep powder sledding in the Greater Yellowstone Ecosystem.

Grab your gear at Bucky's Outdoors, 146 S. Lincoln Ave., Pinedale, Rocky Mountain Powersports, 365 S. Pine St., Pinedale and the Great Outdoor Shop, 332 W. Pine St., Pinedale. You'll need to purchase the appropriate permits from the U.S. Forest Service Pinedale Ranger District Office, 29 E. Fremont Lake Rd., Pinedale, between 7 a.m. and 5 p.m. Mondays through Fridays. A $35 permit allows access to Wyoming Snowmobile Trails for the entire annual season and is valid through June 30. Off-Road Vehicle permits are available year-round and cost $15.

Explore the open areas and the mountain passages at a few of our favorite spots, but be sure to check conditions with the Bridger-Teton Avalanche Center before heading out.

Snowmobiling season

Snowmobiling season in the Upper Green and Hoback river basins runs from early December through mid-April, although most agree the season's optimal conditions begin in January. Temperatures at this time of year usually range from lows below zero to daytime highs in the mid-teens. Days can be sunny, but be prepared for extremely cold temperatures and wind as the weather can change rapidly. The terrain is variable, ranging from flat to gently rolling sagebrush prairie to very rugged forested mountains. Many trails are over 10,000 feet in altitude.

Middle Piney Creek to Smith's Fork

Head out of Big Piney on Highway 350 to the Forest Service boundary and signs will direct you to Middle Piney Creek parking area and campground. There's plenty of winter fun to be had here but there's a certain route locals enjoy. Go southwest to Snyder Basin Bunkhouse, then you can follow that down to almost Scaler's Cabin, head northwest towards Poison Creek Safety Shelter and back around to Poker Flats Safety Shelter before making the final stretch to Smith's Fork.

That whole stretch is just shy of 49 miles with plenty of spots for the experienced snowmobiler to have fun while the beginners take a break to stretch their legs, but it doesn't get so difficult that novice operators will struggle.

Upper Green River to Crooked Creek

Simply hop on Highway 352 towards Cora and follow that road to the trailhead. This whole route is about 33 miles but there are extensions along the trail to make it longer. It's an up-and-back but with great relaxation spots at both points. Start at the trailhead and follow the path north to the Strawberry Shelter. That is the only rest area on the course until you get to Warm Springs just before Crooked Creek Guest Ranch. You may want to explore Green River Lakes while you're in the area but stay along designated trails. These spots in the Wind River Range offer something for all levels of experience, but be aware of snow levels. These parts tend to get rocky and rough at the beginning and end of the snow season.

North Fork Fisherman Creek to Pass Peak

Take Highway 189/191 towards Bondurant and Jackson. About 6 miles after hitting the Bridger-Teton National Forest boundary will be the snowmobile trailhead, just at the beginning of Forest Service Road 30650. There's plenty of powder and mountain fun along the road, which largely runs parallel to North Fork Fisherman Creek all the way up to Raspberry Ridge. Forest Service roads can even lead you up to Pass Peak, where there's plenty of open area. At the right time in the winter there'll be a long line of vehicles and trailers parked at that trailhead. And that's for a reason. You can spend a whole day or catch fresh air on a quick up-and-back while you're exploring.

Continental Divide Snowmobile Trail

The Continental Divide Snowmobile Trail is an extensive trail system that provides hundreds of scenic trails through the Bridger-Teton National Forest. Because of the high locations on the Continental Divide, sometimes more than 13,000 feet, snow depths range from 5 to 10 feet. The Pinedale section has 135 miles of groomed trail through some of the most scenic country in the West. For trail access, travel U.S. Highway 191 north to Highway 352 east to the road's end at the Upper Green River parking area. Public restrooms are available at the trailhead.

Wyoming Range Snowmobile Trail

Known for its deep snow and annual average snowfall, this vast area has beautiful scenery and fantastic off-trail riding from its 330 miles of groomed trails. The Wyoming Range is a great place to go to find solitude and an outdoor experience away from the crowds. When riders talk about Wyoming and the "power of powder" they are usually talking about the handful of visits they take each year to snowmobile the eastern side of the Wyoming Range. For eastern Wyoming Range trail access travel U.S. Highway 191 north to Highway 354/ Daniel Merna Road 23-112, and continue to the Sherman Parking Area – also known as "Horse Creek."

Sagebrush Downs

Sagebrush Downs serves as a track hosting motocross racing in the summer and snowmobile races like the One Lunger 100 Vintage Snowmobile Race during the winter. The vintage snowmobile races are a family-friendly event with a spectator entry fee of $10 per car. Trackside concessions including hot drinks, breakfast and a full lunch menu are provided.

Located near Cora, take U.S. Highway 191 north of Pinedale to the intersection of Highway 352. A complete schedule of races is available at www.visitpinedale.org.

Augers, ice and everything nice

Fish Sublette County's frozen glacial lakes

The many lakes of the Upper Green River Valley freeze over in late December or early January with 17 to 24 inches of ice and stay that way until around mid-March, offering some of the finest fishing opportunities for ice anglers.

Residents and nonresidents over the age of 14 must first obtain a fishing license, sold at most local hardware and outdoor shops in Sublette County and the Wyoming Game and Fish Department Pinedale field office at 432 Mill St.

Grab a fishing permit, ice auger, some picks and rods and head to your favorite lake. Ice fishing gear and lures can be purchased from many local retailers including the Great Outdoor Shop, Two Rivers Fishing Co., and 307 Mercantile Co., to name a few.

Folks should check local regulations and conditions before setting out to wet their line. See page 34 for information about ice safety and appropriate thickness for recreation.

Don't know where to drop your line? Here are a few locations and species.

Fremont and Half Moon lakes

Fremont and Half Moon lakes, the two largest glacial lakes near Pinedale, are open for ice fishing in the winter and are easily accessed by motor vehicles this time of year. Fremont Lake stretches on for more than eleven miles and reaches a depth of greater than 600 feet. They are known to freeze over with clear ice and at the foot of the Wind River Mountains, you're guaranteed to enjoy stunning backdrops while waiting on a bite from Mackinaw, rainbow and brown trout. Kokanee salmon can be caught from the deeper waters of Fremont Lake.

Middle Piney, Willow, Green River, New Fork and Boulder Lakes

Not all of Sublette County's 1,300 lakes are accessible by vehicle in winter. Many of them are still open for ice fishing but only accessible by snowmobile from late January through early April, including Middle Piney Lake in the Wyoming Range near Big Piney, Willow Lake north of Pinedale and Green River Lakes north of Cora. Mountain whitefish are common in these lakes. Ice anglers can catch Kokanee salmon on New Fork and Boulder lakes, but will need a snowmobile to ride in during the winter months since the roads are not plowed.

Soda, Burnt and Meadow lakes

Although Soda, Burnt and Meadow Lakes are great fishing spots, they are closed to human activity during the winter.

Ice fishing derbies

The towns of Marbleton and Big Piney host the Kiss the Fish Ice Fishing Derby at the Marbleton Community Fishing Pond at the end of 5th Street on Red Hill Avenue in mid-February. Wyoming Game and Fish stocks the pond with rainbows and cutthroat trout. Families are invited to enjoy a day on the ice while sipping hot chocolate and eating hotdogs.

Fremont Lake hosts the Pinedale Lions Club's Big Fish Ice Fishing Derby the first weekend of every March. The 2024 derby is scheduled for Saturday, March 2 and Sunday, March 3. The two-day event reels in a couple hundred competitors from across the Mountain West region competing for bragging rights and cash prizes. Anglers of all ages are welcome to compete. There is a $40 entry fee per person in the Big Fish Division.

More than $6,000 in cash and prizes are up for grabs in this category, with a $1,000 grand prize awarded each day. The anglers who reel in the largest rainbow and brown trouts each day will win $200 each. A $100 cash prize is given for the biggest fish entered each hour.

Entry into the youth division is free for participants under the age of 14; however, young anglers are welcome to enter into the Big Fish Division. A $100 grand prize is awarded to the winner in the youth division each day.

Cold as ice

Ice is a fact of life in Sublette County, where day time temperatures hover around 26 degrees in December, January and February. Fremont and Half Moon lakes on the edge of the Wind River Mountains flash-freeze to clear crystalline windows, bringing out countless skaters each winter. Strap on a pair of skates and glide through the winter blues.

Fremont Lake

Nature's most beautiful ice rinks are our mountain lakes, with Fremont Lake and Lakeside Lodge about 5 miles from Pinedale up Fremont Lake Road. The next closest lake up the road is Half Moon Lake, more difficult to access in bad weather but worth the drive. Wind and snow can drift across the frozen expanses but you'll likely find a clearing.

The Great Outdoor Shop rents Nordic skates by the day, long blades that attach to different-sized boots, with poles and a quick lesson. These work best for skating on lakes or long distances.

Lake ice safety

Never venture out onto the ice without telling someone onshore your location and plans. Always bring ice picks! Avoid congregating in groups. Spread out on the ice. Wear a life jacket and bright-colored clothing, if possible. Test several areas, specifically looking for weak areas of the ice.

Wyoming State Parks offers the following guidance for recreating on the ice.

- Ice less than 4 inches, stay off!
- 4" one person with gear.
- 5" small group, spread out.
- 6" one snowmobile, ATV/UTV.
- 9 to 12" cars.
- 12 to 15" trucks.

Pressure ridges can cause thin patches in the ice that cannot support a car, pickup, ATV or possibly human body weight, especially on ice that is only a few days old.

Clear ice is more stable and can hold more weight than cloudy ice.

Sublette skating

At the Sublette County Ice Arena, 1219 W. Washington St. in Pinedale, ice time is divided among many local and visiting skaters' interests – hockey, public skating, stick and puck and private figure-skating slots. Pinedale's youth hockey teams play and hold tournaments here. The Pinedale Glaciers Hockey Association, which hosts the Mountain Man Mayhem Tournament, offers 19U, 18U high school, bantam, peewee, squirts, mites and mini mites divisions along with a coed team. For more information, visit www.pinedaleglaciers.org.

Although the ice is "indoors," the well-maintained rink is kept very bright and deliberately cold. Skate rentals are $2 a session and if you have your own, get your blades sharpened here.

The Wind River Skate Club shares the facility, offering private and public lessons with real figure skate season rentals to club members. Highlights are socials, holiday parties and the Wind River Skate Club's March and December ice shows. For more information about the Wind River Skate Club, visit www.windriverskateclub.org.

Pinedale

The town of Pinedale installs a seasonal outdoor rink in its Wrangler Skate Park, that is open to the stars and the public. It's located on South Tyler Avenue across from the Pinedale Library with plenty of parking. Benches surround the ice that reflects colored lights strung around the park. It's a beautiful little rink to skate across under a full moon.

Big Piney

Big Piney skaters flood the outdoor rink at 916 Piney Drive as soon as the ground freezes.

Oversnow on foot
Snowshoeing in Sublette County

Strap on a pair of snowshoes so you can take in Sublette County's remote scenery on foot. Snowshoes have a large footprint that distributes a user's weight out and allows them to travel on top of deep snow — super useful for busting through cabin fever when most of the county is covered in snow for half the year. Explore on trail or off by Pinedale, Boulder, Cora, Marbleton, Bondurant and the Kendall Valley. Consider combining snowshoeing with other outdoor activities such as bird watching and photography.

Sublette County's more than 20 miles of groomed trails are open to multiple uses including snowshoeing, hiking and fat-biking. When snowshoeing on groomed trails, be mindful of other users, travel on the edge to persevere trail conditions and try not to leave deep post-holes behind.

Snowshoeing is a great winter recreation option for folks of all ages and experience levels.

There are plenty of health benefits associated with snowshoeing, including improved balance, agility and endurance. You can burn up to 1,000 calories per hour with this low-impact, muscle-building anaerobic activity. Snowshoeing primarily activates the quadriceps, hamstrings, glutes and calves. This easily accessible and affordable activity is also known to improve a person's mental well-being by helping them slow down and reconnect with the nature around them.

You don't need any prior experience or special skills to take up snowshoeing.

A few tips for beginners:

- Start out on groomed trails so you don't have to worry as much about navigation.
- Use poles to help stabilize yourself, especially in deep snow.
- Avoid overstriding by walking with your legs parallel and lifting your feet high.
- When turning, lift your leading leg high and rotate in the air.
- Use heel lifts when snowshoeing uphill.
- Use caution with the metal crampons on the bottoms of snowshoes.

A SNOWY SCAVENGER HUNT
TRACKING PRINTS AND PATTERNS

One of the most magical aspects of winter in Sublette County is the way it forces you to slow down and observe your surroundings in a whole new way. Whether you're walking the pathways through Pinedale's parks or snowshoeing through the south county, you're bound to notice signs of life all around you frozen in the snow. As you explore the glittering snow around you, keep an eye out for paw and hoof prints, impressions from wings and mesmerizing patterns caused by conditions such as lighting and wind.

Each discovery is an opportunity to learn about the creature or phenomenon that created it. Take the kids on an adventure to see how many of nature's prints and patterns you can find in snowy Sublette County.

Ring in the holiday season in Sublette County

Communities across Sublette County ring in the holiday season with lively parades, dazzling light displays and family-friendly festivities to warm the hands and heart during the long, dark winter. From the Christmas party at the historic Daniel Schoolhouse to creative crafts at the local libraries, visits with Santa inside St. Huber the Hunter Episcopal Church in Bondurant to the lighted parades in Big Piney and Pinedale and the tree lighting ceremonies in between, there's no shortage of fun to get you into the holiday spirit in Sublette County. Here are a few of our favorites:

• Big Piney and Marbleton host the annual Parade of Lights down Budd Avenue in Big Piney each December, while the Sublette County Chamber of Commerce puts on the Mountain Man Christmas Parade in Pinedale. Both parades are followed by tree-lighting ceremonies facilitated by the town's respective mayors, on the courthouse lawn in Pinedale and at Centennial Park in Big Piney.

• Take in a holiday performance sponsored by the Pinedale Fine Arts Council, like Rhythm of the Yuletide Dance or the Nutcracker at Pinedale's Sheppard Auditorium. Local groups like Voices 8, the community choirs and the Big Piney and Pinedale school bands and choirs also put on incredible Christmas shows this time of year.

• Shop for artisan goods like homemade soaps, candles, jewelry, baked treats and more at one of many area markets, like the South County Market at the Big Piney Library, Main Street Pinedale's High Altitude Winter Farmers Market or the Bondurant Art & Agriculture Market.

• Bid on elaborate Christmas wreaths and decadent chocolates at the Museum of the Mountain Man's Annual Wreath & Chocolate Auction, benefiting museum programs and projects.

• Hand-thrown ceramics created by local students are available for auction at the annual Soup-er Bowl, held in December. Proceeds are used by the students to purchase Christmas gifts for families in need.

• Compete against neighbors and friends in the countywide Christmas light contest held by the Sublette Chamber.

• Catch a Christmas show on ice, like Sleigh Ride Around the World performed by the Wind River Skate Club, at the Sublette County Ice Arena.

• Get the whole family moving with the Frosty 5K fun run hosted by the Pinedale Aquatic Center — strollers and leashed pets are welcome!

• Head over to the 1920 schoolhouse in Daniel for the annual community Christmas dinner. Make sure to bring a side dish to share!

• Exchange dozens of homemade cookies with friends and neighbors at Bondurant's Art & Agriculture Market.

• Visit a local library for age-appropriate holiday craft opportunities, like gift-making classes for teens and building snowmen, igloos and gingerbread houses for younger kiddos.

• Sign up to sled in the Cardboard Classic or compete in the ice-carving contest at Pinedale's Winter Carnival.

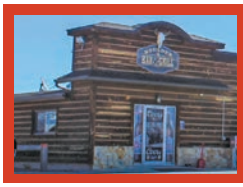

• Grab a permit from the U.S. Forest Service or Bureau of Land Management to cut down your own Christmas tree, up to 20 feet tall. Permits are available annually from mid-October to Dec. 31 at www.recreation.gov for Forest Service lands and www.forestproducts.blm.gov for BLM-managed lands.

• A snowy, white Christmas is nearly always guaranteed in Sublette County. Once the presents have been unwrapped, head to Burzlander Park Sledding Hill on the east side of Pinedale for an afternoon filled with fun.
