Last Day of School for students: Friday, May 28, 2025 Early Release @ 1:00

Graduation: Saturday, May 31, 2025 @ 1:00

## Welcome to the 2024-2025 School Year!

*Hello everyone!*

Can you believe how fast summer has flown by? We hope you've had a blast spending time with family and friends, and maybe even sneaking in a little getaway for some well-deserved relaxation.

We're absolutely thrilled to kick off another fantastic school year, eagerly awaiting the return of our wonderful students and staff, all ready to light up our halls with their bright, shiny smiles.

### Exciting News and Initiatives

We're keeping the momentum going with two awesome initiatives that began last year. First up, we're diving into the second year of the RIDE project. Mark your calendars for August 15th, as we'll be hosting a special training session for all staff, featuring Lachelle Brant from the Governor's office. We can't wait to welcome her into our community!

Our second exciting initiative is the THRIVE program. This year, we'll be rolling out the curriculum to our students and continuing to nurture our staff wellness program. It's all about growing together and making our school an even better place to learn and work.

### New Faces and Warm Welcomes

We're delighted to welcome some new staff members to our district this year. Let's give them a big, warm welcome and help them feel right at home in our fantastic community. Change can be a bit daunting, but with a positive attitude, we can make it an exciting adventure for everyone.

### Back-to-School Fun

Back-to-school season is always a whirlwind of fun and excitement. Our administrators have been hard at work since August 5th, and our teachers are back in action as of August 15th. Don't forget to check out the school supply lists on our website and all the latest sports info on our activities' Facebook page. If you need any help finding information, just give us a call—we're here to help!

### Ready for an Amazing Year

I am so looking forward to this school year and am truly honored to serve you and your children. If there's anything I can personally assist you with, please don't hesitate to reach out. You can reach me at 307-877-9095.

Here's to a fantastic year ahead filled with learning, growth, and lots of fun!

If you have any questions that I can personally help you with, please do not hesitate to call. I can be reached at 307-877-9095.

**WELCOME BACK**

**Teresa Chaulk**

**Superintendent of Schools**

# Back to school with Superintendent Teresa Chaulk

**By Rana Jones**

*Gazette Reporter*

**KEMMERER** — Teresa Chaulk, Lincoln County School District No. 1 Superintendent and Special Education Director, said she is looking forward to the new school year and that she loves witnessing the joy and enthusiasm of teachers and students as they return to school.

"Students make it fun. I'm happy when they show back up to school," Chaulk said.

Chaulk is also excited about the RIDE program, which is now in its second year after last year's pilot program.

"We are embracing the RIDE initiative, and all of our certified teachers will be participating this year," she told the Gazette.

Teachers who participated last year gave positive feedback and will provide additional support for the newcomers this year.

"Last year we had great feedback from parents and teachers that it was an engaging and effective way for learning," Chaulk said.

The program aims to incorporate a more student-centered and competency-based curriculum, and Chaulk said it makes learning more engaging for stu-

dents. She said they are embedding the profile of a graduate in the curriculum.

"We are taking small steps and making it manageable," she said.

Other benefits that make the program worthwhile, Chaulk said, include reduced classroom management which allows for a greater focus on teaching. While every district in the state had the opportunity to apply, Kemmerer School District was an early adopter.

Chaulk said she is also excited to continue the THRIVE initiative for staff and students which focuses on mental health and well-being. Two school counselors will be heading up the THRIVE program.

"We have to take care of our people," she said.

While the Wyoming Department of Education is working on grants for more mental health programs, Chaulk said it would be ideal if the legislature would look at funding it in ways that would make it more sustainable.

Chaulk expressed deep appreciation for the dedication and hard work of teachers and recognized their crucial role in shaping students' futures and enhancing the educational experience.

"Teaching is the hardest job in our country and should get the respect it deserves," Chaulk said.

## Healthy People, Healthy Communities

### *It's Back to School time!*

Why wait until the last minute for your child's immunizations?

*We have everything they need to be ready for kindergarten and Tdap for 7th graders.*

*Give us a call to make an appointment!*

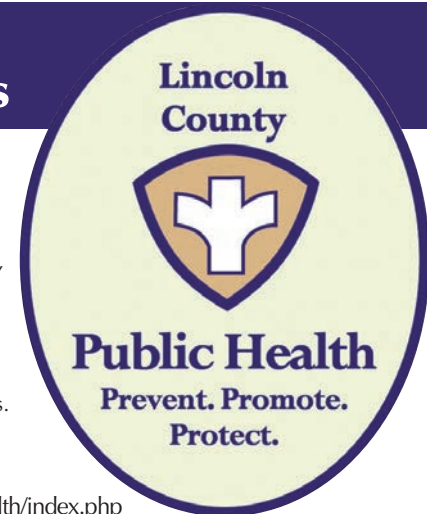

Adult & Child Immunizations

Free or reduced cost available. We accept most insurances.

**THIS IS PUBLIC HEALTH.**

Office Hours: Monday - Friday 8 a.m. - 5 p.m.

## Welcome from Canyon Elementary

August 5, 2024

*Dear Parents and Guardians,*

I hope this letter finds you well and enjoying the final days of summer with your families. As we prepare to embark on a new school year, I am thrilled to welcome you back to Canyon Elementary for the 2024-2025 academic year.

I am pleased to announce some important dates and events to mark on your calendars as we kick off the school year:

Supply Drop-Off - Date: August 15 - Time: 6:00 pm - 7:00 pm

### **Kindergarten Meet and Greet:**

- Date: Monday, August 19

- Time: 6:00 pm; meet in your teachers' classroom

### **1st through 3rd Grade Meet and Greet:**

- Date: Tuesday, August 20

- 5:30 pm: 1st Grade - Meet Mr. Meyer in the gym; 6:00 pm move to classroom

- 6:00 pm: 2nd Grade - Meet Mr. Meyer in the gym; 6:30 pm move to classroom

- 6:30 pm: 3rd Grade - Meet Mr. Meyer in the gym; 7:00 pm move to classroom

### **4th through 6th Grade Meet and Greet:**

- Date: Wednesday, August 21

- 5:30 pm: 4th Grade - Meet Mr. Meyer in the gym; 6:00 pm move to classroom

- 6:00 pm: 5th Grade - Meet Mr. Meyer in the gym; 6:30 pm move to classroom

- 6:30 pm: 6th Grade - Meet with Mr. Meyer and Teachers in the gym

First Day of School - Date: August 22- Full day of school

Friday Early Release - Date: August 23 - School will release at 12:50 pm (Please note that we will no longer have full Fridays this year)

We are excited to welcome our students back to Canyon Elementary and to continue our journey of learning, growth, and achievement together. Our dedicated team of educators is committed to providing your children with a safe, supportive, and engaging learning environment where they can thrive academically and personally.

As we begin this new school year, I encourage you to stay connected and involved in your child's education. Your partnership and support play a crucial role in the success of our students, and we value the collaboration between home and school.

Thank you for entrusting us with the education and well-being of your children. Together, let's make the 2024-2025 school year a memorable and rewarding experience for all.

If you have any questions or need further information, please do not hesitate to contact our school office. We look forward to a fantastic year ahead!

*Warm regards,*

**Brad Meyer, Ph.D.**

**Principal**

## Parental involvement is a key factor in students' performance

Success in school can carry over to successful experiences later in life. That underscores the benefits of developing skills in the classroom. Students learn in their own way, and at times there may need to overcome various obstacles.

The job of education does not fully fall on educators and administrators.

**INVOLVEMENT continued on page 6**

### **Annual Public Notification of Nondiscrimination**

Lincoln County School District #1 does not discriminate on the basis of race, color, national origin, sex, age, or disability in admission to its programs, services, or activities, in access to them, in treatment of individuals, or in any aspect of their operations. Lincoln County School District #1 Career and Technical Education department does not discriminate in enrollment or access to any of the programs available, including but not limited to, Construction, Manufacturing Production Process Development (Welding), Facility and Mobile Equipment Maintenance (Auto Mechanics), Support Services (Foods and Nutrition), Business Information Management, Teaching/Training. The lack of English language skills shall not be a barrier to admission or participation in the activities and programs. The Lincoln County School District #1 also does not discriminate in its hiring or employment practices. This notice is provided as required by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, and the Americans with Disabilities Act of 1990. Questions, complaints, or requests for additional information regarding these laws may be forwarded to the designated compliance coordinator(s). Title VI, Title IX, Section 504, and ADA may be referred to Lincoln County School District No. 1, Civil Rights Coordinator, PO box 335 Diamondville, Wyoming 83116, (307) 877-9095, or the Office for Civil Rights, Region VIII, U.S. Department of Education, Federal Building, Suite 310, 1244 Speer Blvd., Denver, Colorado 80204-03582, (303) 844-5695 or TDD (303)-844-3417, OCR.Denver@ed.gov.

# Study tips for a strong start in school

Studying is vital to academic performance. At the dawn of a new school year, students get a fresh start to improve upon or continue strong their study habits. Teachers will be rolling out their curricula, and that may feel overwhelming. However, optimizing study skills can boost confidence in school and in areas outside of the classroom. These study tips can put students on a path for success.

- Find your optimal study space. The ideal study spot varies from student to student. Some need a quiet nook in the library, while others may prefer the sounds of nature while seated on a park bench. There's no one-size-fits-all study location, so students may need to experiment with what works best for them. Also, The Princeton Review says that a student doesn't need just one study space. He or she may find a change of scenery can prompt the brain to retain information better.

- Devise a study plan. Setting goals and a plan of attack allows students to

space out their studying over several days. This can reduce stress and make the task seem less cumbersome.

- Avoid cram sessions. Devising a study plan is better than cramming the night before a test. The American Psychological Association says students may perform well on a test for which they've crammed, but that doesn't mean they've truly learned the material. Studying with a goal of retaining the material long-term is important.

STUDY continued on page 7

## Welcome Back KJSHS

### Dear Students and Parents:

The summer has flown by and we are excited to get the school year started after a much needed break. Our activity participation rate increased last year and we want to see that continue to grow. School spirit is a big part of a positive school culture and we are working hard to grow our school spirit and would love everyone's help. One of our focus areas for this school year is that our graduating students will be able to hit proficiency marks in at least one or more readiness areas. These marks and indicators are set by the state of Wyoming in the following areas, military ready, career ready, and college ready. We want to have our students ready for the world after high school in whatever path they decide to take. We look forward to having a great school year and can't wait to get started.

As we hit the ground running, there are a few important dates to have in your calendar.

**August 19th** 6:30pm 7th Grade Orientation-HS Auditorium

**August 19th** Fall Sports Practice Starts-High School

**August 19th** 4:00pm Fall Sports Practice Starts-Middle School

**August 14th** 6:00pm Fall Sports Booster Club BBQ

**August 22nd** First Day of School Full day

Schedules, locker assignments, informational forms, and computer use agreement forms are being mailed out. Please bring all forms back, signed, on the first day of school. If you are a new student, please stop by the school and enroll. It is recommended that 8th grade students and above purchase a TI-84 graphing calculator for their math classes. Each student will have their own calculator that will be used their entire school career. Check with your math teacher for recommendations on brand, style and need. If you have any questions, please feel free to stop by the school during business hours or call us 1-(307) 877-6991. Please make sure to check our school website [www.rangers1.net](http://www.rangers1.net) and our Facebook page. Don't forget to get your physical and sign up for those activities. Let's have a great year!

**Go Rangers,**

**Mr. Rogers**

*Kemmerer Junior Senior High School Principal*

METRO PHOTO

## Lincoln County School District #1 Home School Policy

1. The School District Form of reporting the Basic Education Program of a Home-Based School must be submitted to the superintendent of schools by the parent or guardian prior to the beginning of the school term or within 10 days of withdrawal from school attendance, whichever is applicable.
2. Failure to submit the Basic Educational Program of a Home-Based School is a prima facie evidence that the Home-Based Educational Program does not meet the requirements of the state law.
3. The Superintendent's receipt of the Basic Educational Program and curriculum is not to imply that Home-Based School Program is comparable in any way to the educational program of the public school.
4. Consultation between the Home School and the district's teachers during the school day is not permitted.
5. Specialized testing of some school students may be administered by school district personnel with prior approval by the Superintendent of Schools.

# INVOLVEMENT

Continued from page 4

Education begins at home. Research has found that kids benefit significantly when parents and other caregivers are strongly involved in a child's education. A 2020 study published in the Journal of Prevention and Intervention in the Community found that parental involvement in a child's education is associated with improved academic performance. Specifically, children whose parents are more involved in their educations have higher levels of academic performance than children whose parents were not as involved.

A 2005 study from researchers at the Johns Hopkins University Center of School, Family and Community Partnerships showed that school practices that encourage families to support their students' math learning at home led to higher percentages of students scoring at or above proficiency on standardized math tests.

## Hello to our incredible community!

As the Special Education Director of our wonderful district, I am delighted to welcome you all back for the 2024-2025 school year! I hope you've had a fantastic summer filled with joy, relaxation, and memorable moments with loved ones.

### Embracing New Beginnings

The start of a new school year is always a time of excitement and anticipation. It's a fresh beginning, a chance to set new goals, and an opportunity to continue growing together. Our dedicated staff has been hard at work preparing to create an inclusive, supportive, and enriching environment for every student. We are committed to ensuring that each child has the resources and support they need to thrive.

### Welcoming New Faces

We are excited to welcome new staff members to our district. Change brings new perspectives and ideas, and we are thrilled to have these new additions to our team. Let's all join in making them feel at home and part of our caring community.

### A Collaborative Effort

Education is a collaborative effort, and we are fortunate to have the support of our dedicated parents and guardians. Your involvement and partnership are crucial to the success of our students. Together, we can create a positive and dynamic learning environment.

### Looking Ahead

As we embark on this new school year, I am filled with optimism and enthusiasm. Our goal is to make this year one of growth, achievement, and joy for all our students. If you have any questions or need assistance, please do not hesitate to reach out. I am here to support you and your children every step of the way.

### Here's to a fantastic school year ahead!

Welcome to the 2024-2025 school year! If you have questions, please give me a call at 307-877-9095.

Sincerely,

**Teresa L. Chaulk**

**Director of Special Education**

Additional research indicates the benefits also extend to other subjects and areas of learning, including language comprehension and expressive language skills.

With so much to gain from parental involvement in students' educations, parents can embrace these strategies to get more involved.

- Develop a partnership with the teacher. Open communication with the teacher(s) can help parents stay up-to-date on what is going on in the classroom and learn early on where a student may need extra support. Then parents can offer extra guidance if it is feasible, or look into an experienced tutor.

- Be firm but supportive. Too much academic pressure may cause a child to pull back or even test boundaries, and that can lead to students falling behind in school. Parents must find the right level of involvement and guide their kids without sounding like good grades are "make or break" the relationship.

- Attend school functions. Parents can go to open houses, back-to-school nights, conferences, and other events held at school to show support and interest in their children's education. Involved parents also build school-based networks this way, which can be called upon if their student needs additional support in the future.

- Establish a schedule at home. Students can benefit from a schedule, with regular bedtime, homework time and opportunities to relax. Knowing what to expect and when to expect it can take some of the stress out of learning and studying, according to Nemours health.

Parents working in concert with schools and their children can lead to better academic outcomes.

### Dear Students and Families,

Welcome back to New Frontier High School! We hope you had an enjoyable summer break. As we embark on a new academic year, we are excited to see familiar faces and welcome new ones to our school community. The first day of school is Thursday, August 22nd. This will be a full day of school. There will be a 1pm release on Friday, August 23rd.

At New Frontier High School, we will continue to work towards individual growth and achievement for all students. Students will accomplish these goals through active engagement in the learning process and a commitment to being respectful, responsible, and resilient young adults.

We will be hosting a "Back to School Night" for NFHS students and parents on Monday, August 19th at 6pm. During this time, you will have an opportunity to check out our school and meet our staff. We also plan to provide information regarding the upcoming school year, the NFHS handbook, opportunities available for NFHS students, and handout student schedules.

We are excited to work with all NFHS students and parents this upcoming school year and look forward to seeing you on August 19th. If you have any questions or would like more information about New Frontier High School, please call us at (307) 877 - 5819.

Thanks,

**Mr. Cody Hartung, Principal**  
**New Frontier High School**

# STUDY

continued from page 5

- Learn how to actively study. Some students think that studying requires reading over the material or highlighting text. Active studying involves engaging with the material and constructing meaning from the text. One way to engage with the material is to try acting as the teacher and explaining concepts to another person. Creating a study guide or even concept maps also helps one actively study.

- Balance intensity with laid-back study approaches. Students may procrastinate with their studying because they don't want to devote a lot of time to the task. Instead, they can do shorter sessions mixed with longer sessions of studying. In fact, The Learning Center at the University of North Carolina at Chapel Hill says shorter, intensive study time can be more effective than drawn-out studying.

- Ask for help. Asking a teacher or another student for help is not a sign of weakness. It's a good strategy to develop early on. The longer one waits, the more difficult it may be to catch up on material. Asking for help goes hand-in-hand with setting up a buddy system for studying. Study groups enable students to go over material together, which can

provide different perspectives and help the material resonate more effectively.

Students will spend a

lot of time studying while in school. Learning how to do it effectively is vital to fulfilling one's academic potential.

**KCDC Preschool**  
**Located at 1208 Elk Street will**  
**start school on August 28th.**  
**Stop by to sign up your 3 to 5 year old.**

**PRESCHOOL for**  
**CHILDREN 3-5 YEARS**

**Experience "Hands-on" Learning**

that includes:

- ✓ Certified Teacher
- ✓ Speech/Language Therapy
- ✓ Trained Educational Assistants
- ✓ Occupational Therapy
- ✓ Great Child-Staff Ratios
- ✓ Nutritious Snacks

**2½ Hour Program 2 Days per Week**  
**All Material Provided Nationally Accredited**

**Sponsored by Lincoln County School District #1**  
**& Lincoln-Uinta Child Development Association**

Lincoln County School District #1 complies with the Federal McKinney-Vento Homeless Education Assistance Improvements Act of 2001. If your student is or becomes homeless, please inform the school.

A Homeless Student, as defined by the act, is anyone who...

- Lacks a regular, fixed and adequate nighttime residence (substandard housing)
- Is sharing housing due to economic struggles
- Is living in a shelter, hotel or motel
- Is living in a public place not designated for sleeping (cars, parks)
- Is an unaccompanied youth
- Is a child or youth awaiting foster care placement
- Is a child or youth abandoned in a hospital
- Is a migrant child who qualifies under any of the above

## To the Ranger Community,

Welcome back to another school year! The Activities Department is excited to get started with the start of school and Fall Activities. Participation in school activities is a great way for students to develop lifelong skills and get involved in the Ranger community. We encourage all students to get involved and participate in the activities that Kemmerer Junior Senior High School offers.

All student athletes must have a completed physical signed and turned in before they can practice. Forms are available online at rangers1.net, at the medical clinic, and the KJSHS activities office. This can be turned into the activities office or to the coach on the 1st day of practice.

High School Fall sports will begin with Golf on Aug 12th. High School Football, Volleyball, Girls Swimming and Diving, and Cheer start on August 19th. Middle School Football and Volleyball will also start on Aug 19th. More information on practice times and locations will be sent out on Parent Square and posted on the LCSD#1 Facebook page.

The Booster Club and the KJSHS Activities Department will host the Fall Sports Kickoff on Wednesday, August 14th at 6pm in the KJSHS Cafeteria/Commons. Students in grades 6-12 participating in a Fall Activity and their families are invited to attend. There will be presentations from the Booster Club, the Activities Department, and drawings for free Ranger gear! Dinner will be provided. Individual sport parent meetings will be held following the whole group meeting.

If you have any questions or concerns, please feel free to contact the activities department at (307)877-6991 ext. 4039 or email at chartung@rangers1.net.

We are excited to get started and look forward to your continued support this year.

**GO RANGERS!**

*Cody Hartung*

*KJSHS Activities Director*

Remediation Bus will run to Rolling Hills, Twin Creek, Aspen Springs, Hamsfork, Oakley and Opal on a needed basis.

## 7th & 8th Grade Supply List 2024-25 School Year

### Math

- 3 or 5 - subject notebook
- Pencils
- 8th Grade-Highly Recommend TI-84 Graphing Calculator (Will be used for HS career also).

### 7th Grade Science Supply List

- Composition or spiral bound 1 subject notebook-NOT part of a multi-subject notebook
- Colored pens or pencils (at least 6 colors)
- Highlighters (at least 2)

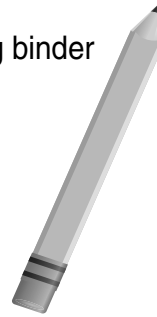

### 8th Grade Science Supply List

- Colored pens or pencils (at least 6 colors)

- Composition or spiral bound 1 subject notebook-NOT part of a multi-subject notebook
- Highlighters (at least 2)
- Folder or binder

### 7/8 Grade Language Arts

- 1 subject notebook AND a 3 ring binder
- 1 Expo Marker (any color)
- 4 different colored highlighters
- Multiple colored pens
- Multiple pencils
- 100 pack lined notecards
- Wireless mouse (optional)

### 7/8 Grade Social Studies

- Book covers for textbooks-the covers can be store bought or homemade
- Three-ring binder with paper
- Colored pencils
- Highlighter
- Pencils and/or blue or black ink pen

### 7/8 Grade PE

- Composition book or notebook
- Combination lock
- Gym shirt, shorts, and non-marking athletic shoes

## TRANSPORTATION DEPARTMENT LOOKS FORWARD TO ANOTHER GREAT YEAR

The Lincoln County School District #1 Transportation Department would like to welcome our school bus riders for the 2024-2025 school year. The drivers are preparing to meet their students at their bus stops again this year. Be sure to check the bus schedules **as some stops and times have changed**. The pickup and drop off zone at KJSHS will continue to be behind the school building instead of the front. If you are dropping off your student, please stay in front and do not go behind the school as this road is only for the buses. If you are picking up or dropping off K-6 grade students at CES please use the top parking lot as the bottom lot is for **buses only**.

Students will need to have a “**STUDENT BUS PASS**” upon entering the bus if the student is a non-bus rider, the student needs to ride a different bus, or the student needs to get off at a different stop from their scheduled stop. The respective building office must fill out this “**PASS**” so that the driver has all the information necessary to transport the student to the correct location. This is to insure the safety of the student.

The Transportation Department will be using ParentSquare to distribute important bus information and updates such as delayed bus arrival. If you are new to our school district, please be on the lookout for a registration email from the District.

We look forward to transporting your children. Here are a few tips to help your student to get to school safely on the bus:

1. Wear bright clothes so the bus driver easily sees you.
2. Be at the bus stop at least “**5**” minutes before the bus is due. (The times listed in the Bus Schedule are the bus **DEPARTURE** times from the stop.)
3. Wear clothes & shoes appropriate for our Kemmerer weather. As there may be delays for bad roads.
4. Line up quietly in single file away from the road.
5. Stay out of the **DANGER ZONE**, which is 10 feet around the bus on **ALL** sides.
6. Use handrails to get on and off the bus.
7. Pay attention to the bus driver. Cross the road when they motion you to cross. Be sure to look both ways—vehicles don’t always stop for the red lights on the school bus.
8. Keep the aisles clear, and everything inside your seat-especially YOU!
9. Never stick your hands, head, or **ANYTHING** out the window.
10. Talk quietly and stay seated on the bus.
11. Go directly to your bus after school is dismissed as to not hold up bus departure.

Please remember when the yellow lights are flashing, the bus is getting ready to stop and when red lights are flashing a child or children are getting on or off the bus. **WHEN THE RED LIGHTS ARE FLASHING, BOTH DIRECTIONS OF TRAFFIC MUST STOP!!**

If you have a new student that is concerned about riding the bus and you take them to school the first day, be sure they know where they live and where their bus stop is. It would help to send with them their home address, phone number and bus stop, so the driver can help if they become lost or confused. It is also a good idea to have this information written on their backpack.

Please be patient the first three to five days of school. We do our best to keep our schedules, but things are always hectic and sometimes confusing for our students and it may take a little longer.

**School Bus Safety is up to A-L-L of Us!**

# Get schooled on vocational training

High school graduates or individuals looking to explore continuing education at any age have various options. Among the most popular options is enrolling in a college or university. Studying a trade in a vocational school is another popular option.

## What are vocational schools?

Vocational schools are sometimes referred to as career or trade schools. Vocational schools tend to offer certificate programs that are much shorter in duration than traditional college degree programs, and train students for skilled jobs. Vocational programs prepare individuals for careers in electrical work, hairstyling and cosmetology, certified nursing aids, automotive work, and HVAC services, among others.

## Cost of attendance

Cost of education is an important factor when choosing a career, and the cost of vocational school is no exception. The College Board says trade school costs between \$5,000 and \$15,000 on average for a three- to 18-month program. By comparison, the national average for a two-year degree program at public and private colleges can range from \$3,621 to \$15,333 per year. The cost to attend a four-year college is considerably higher, though it

varies widely by institution.

NerdWallet reports that, as of 2021, total student loan debt in the United States exceeded \$1.61 trillion. Vocational school can be a much more affordable option than attending college, without the specter of large amounts of debt looming once the training is over.

## An obvious job path

Many higher education concentrations are confronting low enrollment, while vocational programs are doing quite well, according to The Hechinger Report, which covers innovation and equality in education. The reason may be that vocational training presents a clear career path, and a more secure way to a solid job. Mechanic and repair trade programs had an enrollment increase of 11.5 percent from spring 2021 to 2022, indicates the National Student Clearinghouse.

“America is lending money it doesn’t have to kids who can’t pay it back to train them for jobs that no longer exist,” says Mike Rowe, television personality and founder of the Mike Rowe Works Foundation, which offers scholarship money to those who are pursuing the trades. Rowe feels that America has convinced people that the best path for most people is an expensive

education. Meanwhile, the Bureau of Labor Statistics indicates there are more than seven million jobs available across the U.S. that do not require a four-year-degree.

## Advantages to vocational schools

Trade school students can look forward to some benefits.

- hands-on learning
- more rigid schedule
- efficient time usage
- faster class pace

- small class sizes
- ability for licensure, where needed
- lower costs of attendance compared to other types of schooling
- instructors who are experts in their fields

Vocational schools are an option for students right out of high school or those returning to school later in life. Such schools provide access to millions of rewarding and lucrative jobs that can offer financial security.

# How families can get ready for a new school year

Children will soon be trading in the chimes of neighborhood ice cream trucks for the bells of school as summer vacation gives way to the start of a new academic year. August through September is prime back-to-school season, with children all across the country stocking their backpacks and shopping for new school wardrobes.

There is more to getting ready for the start of school than making sure pencils are sharpened and tablets are charged. Parents and children can work together to ensure the transition back to the classroom is as seamless as possible.

## Adjust sleep and wake times

Summer vacation often means letting loose of schedules for a while, and that may translate into later-than-normal bedtimes and rising a little later in the morning. Everyone in the household will have to reacquaint themselves with schedules that ensure kids get to school on time. A few weeks before the first day of school, start incrementally going to bed at an earlier time and start waking up earlier each morning. Try to plan out the increments so that by the time the last few days of summer vacation wind down, the family is on target with

a waking schedule that mirrors the school schedule.

## Acclimate to being around people

Although summer vacation may involve trips that bring children in contact with other people, it may have been some time since they’ve spent five or more hours per day around 20 to 30 people their age. It may take a transition period to get used to being around a bunch of peers, so families can visit places where there tend to be crowds of kids, such as zoos, aquariums, parks, and trampoline centers. These can be low-pressure locations to dust off social skills.

## Know the route or plan for school transportation

Students may be driven independently, ride the school bus, walk or bike, or carpool with others to and from school. Families can establish plans so that getting to and from school is not something kids need to worry about. Practice routes and timing, taking into consideration that when schools open there will be much more traffic. Parents can reassure children that there will be a learning curve, but all of the kinks generally get worked out during the first week.

## Avoid “summer slide”

Most students don’t want to think about studying, homework and testing while on summer break, but it can be beneficial to stay current on some lessons. Summer slide refers to the loss of some of the learning achieved during the previous school year over the summer break. Some experts say summer slide is overstated, but it can’t hurt for students to refresh their memories on some math, science and language arts concepts over break so that they will be ready to hit the books when the new school year begins.

## Prep for school lunches

Children and adults can work together to map out healthy eating options for school lunch. Many school districts have lunch plans that can be purchased through an online account. Participating students simply enter a number or swipe a code at checkout. School lunches are built to be nutritionally diverse and have options that even picky eaters will like.

School is right around the corner, and families should get ready for the routine and needs that go with the academic year as the first day draws closer.

# Canyon Elementary Supply List 2024/2025

## **Physical Education/Health:**

- Students must have separate non-marking gym shoes for PE, to be left at school, that are not worn for normal or outside wear. Cleats or turf shoes are not acceptable for use in the gym. Must be a tie or strap one shoe.
- Health: Grades 5 & 6: Spiral Notebook

## **Third Grade:**

- 20 standard #2 yellow pencils-wooden not plastic coated (Ticonderoga Brand)
- 5 small glue sticks
- 1 set of colored pencils
- 1 package of 8 count washable markers
- 1 pair of pointed end scissors
- 1 large box of Kleenex
