Introducing the Best

It's done. The over 2,000 ballots have been tallied, and it's time to announce the 2011 winners of *The River Reporter's* Reader's Choice Best Awards.

In preparation for this year's contest, we increased the visibility of the ballot, published it in our special sections, posted it online and promoted it in collaboration with the local radio station. And the readers responded, and the votes poured in. At the contest deadline, our office was like a miniature postal facility, with stacks upon stacks of ballots waiting to be tallied.

We hope that you enjoy the section and get a sense of the variety and viability of our region. We hope that you'll be introduced to goods and services, people, establishments and activities that you have never heard of before. Because, beyond spreading the news about everyone's favorite, the Readers' Choice Best Awards is part of a larger scheme to market and highlight the many wonderful people, places, services and businesses in the Upper Delaware River Valley, and Sullivan, Delaware, Orange, Wayne and Pike counties. It serves to remind us to celebrate and participate in our local economy, and it seeks to raise a level of friendly competition and overall competence among our consumer goods and service providers.

Many thanks to the readers who filled out the lengthy ballot, to the advertising staff who contacted all of the winners, to the production staff who put it all together and to the people who have dedicated their lives to be "the best" this area has to offer.

We are living in an exciting time in an exciting, expanding area. Enjoy the best—and if you discover some new favorites and want to get a jumpstart on next year's contest, you can start filling out your ballot for 2012!

Dear Humans:

We ate a lot of grass last year. And we got really wet. And this year the cheesemaker starting using our milk for mozz, quark and baby brie. And you humans sure ate a lot of it. But we still ate more grass than you did cheese. But keep trying.
