The Best Has Arrived!

Everybody has their favorites: favorite places, favorite foods, favorite place to go and things to do. And people being people love to share. So it is with great pleasure that The River Reporter presents you with its 23rd annual Best Awards, a section that represents all of our readers "favorites" that they shared with us throughout 2018.

We hope that you enjoy the section and get a sense of the variety and viability of our region. Besides spreading the news about everyone's favorite, the Readers' Choice Best Awards is part of a larger scheme to market and highlight the many wonderful people, places, services and businesses in the Upper Delaware River Valley, and Sullivan, Delaware, Orange, Wayne and Pike counties. It serves to encourage residents and visitors to savor and support that which is unique to our local area and to raise a level of friendly competition and overall competence of our consumer goods and service providers.

Many thanks to the readers who filled out the ballot, to the advertising staff who contacted all of the winners, to the production staff who put it all together and to the people who have dedicated their lives to be "The Best" this area has to offer.

Congratulations all!

Thank you for supporting Shohola Chiropractic for 41 years!

This mother/daughter practice offers a full spectrum of alternative and holistic health care modalities including chiropractic care, applied kinesiology, functional medicine, Chinese/American herbals, homeopathy, emotional techniques, whole food and nutraceutical intervention, diet recommendations, lifestyle intervention, sensitivity testing, iridology, acupressure, acupuncture meridian therapy and more.

The doctors have a special interest in supporting chronic conditions and autoimmune diseases; having spent much of their time attending seminars with top providers from across the U.S focused on blood chemistry, endocrinology, immunology, and nutrition. Common complaints range from kidney stones to infertility, constipation to chronic sinusitis, thyroid disorders to rashes, and of course musculoskeletal issues.

Dr. Lorraine Spinard, who has been in practice for 41 years, has been joined by her daughter Dr. Nadege Hoeper. Initial consults are at least 1 hour and each follow up appointment is 30 minutes.

Feel confident knowing that if these doctors don't know how to address your complaint; they know someone who does!"
